

Superintendent Bennett's Term Extended 3 Years by Board

Frank B. Bennett's term as superintendent of the Salem public schools was extended for a three year period by action of the board of directors Tuesday night. The action was taken upon the motion of Director Don Young who said he felt it was in the interest of the district to keep the superintendent on the job during the period of reconstruction. The superintendent's five year contract has two more years to run and Tuesday night's action means Bennett will remain here at least for another five. The salary during the three year extension will be \$6500 per annum. The superintendent expressed gratification over the "vote of confidence," and said he would be happy to accept.

The district is beginning to fill up the teaching force although five resignations were accepted last night. More than offsetting this loss was the recommendation of the superintendent that 10 others be hired. The resignations included Margaret McDonald of McKinley; E. T. Barnett, senior high department head; Claudine Elbert, English instructor, senior high; George N. Niemi, industrial

Stock Advance Led by Aircrafts

New York, June 13 (AP)—Aircraft rose fractions to more than 2 points in today's stock market while selected utilities and specialties tacked on smaller plus gains.

Several aviation advanced to new yearly highs on demand inspired by prospective heavy post-war orders for planes here and abroad. Some rails improved and other favorites made individual gains because of cheerful earnings and dividend reports. Transactions ran around 1,800,000 for the session.

Columbian Carbon soared sharply after directors voted to split the capital stock on the basis of three-for-one. It reached a new 1945 peak as did Public Service and United Corp.

Hitting a top for this year or longer were Boeing, Douglas, Grumman, Bell Aircraft, Republic Aviation and Colorado Fuel & Iron. Other gainers most of the proceeding were U.S. Steel, Chrysler, Sears Roebuck, United Aircraft, American Telephone, Cuban-American Sugar, Dupont, Southern Railway and Missouri-Kansas-Texas preferred.

Declining fractionally were Goodyear, Kennecott, Youngstown, Great Northern preferred and Northern Pacific.

Wheat Sags, Rallies Close

Chicago, June 13 (AP)—Rye scored strong gains and rose to new season highs on the board of trade today. The bullish tone stemmed from prospects of heavy use of the cash product by distillers. Wheat rallied on the close after a late recession. Other grains were firm.

Rye finished the day up 2 3/4 to 3 3/4 cents a bushel, wheat up 1/4 to 1 1/4, corn unchanged to up 1 1/4, oats up 1/4 to 1 1/4, and barley up 1/4 to 1 1/4.

July rye displayed the most strength and, while the late reaction pared gains, the market sustained most of the advance. Reports of a possible corn freeze to distillers led the trade to believe that sizable inroads would be made in cash rye for the July liquor holiday. This, coupled with the bullish statistical position revealed by government figures, accounted for the sharp upturn.

Wheat sagged from the day's highs under hedge-selling and profit-taking. The undertone, however, continued to reflect the likelihood of restricted country markets due to lack of transportation.
