Mabel E. Hildon has been named administratrix of the \$700 estate of James F. Hildon and co-applicants are John McCrone, Marion Headline and Louis Weber.

Final account of Margaret Hildon as guardian of George Urban shows balance of \$1087.16.

Final account of Ralph C. Zimmerman as administrator of the estate of William M. Mitchell shows balance of \$1021.82.

Justice Court
Plea of guilty entered by Henry Lewis Haffel in case of violation of a non-resident driving license, fined \$25 and costs, fine suspended and \$4.50 costs paid.

Plea of guilty entered by Raymond John Mather to violation of a stop sign, \$1 fine suspended, \$4.50 costs paid.

Plea of guilty entered by David Tickle to being in a state of intoxication on a public highway, fined \$10 and costs.

Ball of \$100 re-posted by Jim Dempssey who pleaded guilty several days ago to a gambling charge and is to appear for sentence August 13.

Earl Moore released from jail upon paying fine of \$50 which was a condition of his suspended jail sentence for malicious destruction of property. His driver's license was suspended.

Preliminary hearing set for Tuesday at 1:30 p.m. for William Henry Jenkins, charged with robbery. The same order was made for Ardith Jenkins, his wife, who is jointly accused.

Marriage Licenses
Marjorie Chester Austin, Jr., 24, U.S. army and Jacqueline E. Judd, 22, city scout executive, both of Salem.

DuPont Part In Atomic Bomb

Washington, Del., Aug. 13 (AP)—The E. I. Du Pont De Nemours and company said today that it handled \$350,000,000 designing and constructing atomic bomb plants for the government through a profitless contract which specified the government must retain patent rights on the revolutionary explosive.

Walter S. Carpenter, Jr., president of Du Pont, said in a report to the company's stockholders that Du Pont threw its resources into the race to develop an atomic bomb despite the fact that the experiment was foreign to the company's experience and a drain on already burdened personnel.

Carpenter said the war department, through Maj. Gen. Leslie R. Groves, asked Du Pont in 1942 to cooperate in engineering, designing, building and operating two huge atomic bomb plants at Oak Ridge, Tenn., and Hanford, Wash. Carpenter said "In the light of the extreme importance and urgency of the work... Du Pont... could not refuse to attempt the work."

The Du Pont contract with the government, Carpenter said, established a fixed fee of \$1, with the government agreeing to pay all costs by direct reimbursement or through allowances.

The county court has been advised that bridge No. 2 on the Abiqua, about six miles up from the road's junction with the highway and not far from the Brier Knob school has gone out and has been closed temporarily. The bridge crew is repairing it. The bridge has been carrying heavy loads of sawdust, logs, lumber and wood. The extent of the damage was not learned by the court.

Rev. Roy Fedje, superintendent of the Salem district of the Oregon conference of Methodist churches, gave the morning sermon at the Stayton Methodist church Sunday in observance of its golden jubilee. Rev. R. T. Cunningham was the principal speaker at the anniversary program held in the afternoon.

The county oiling crew is expected to finish its work in the north end of the county Monday and return Tuesday to complete roads in the vicinity of Salem. After this is done the new road work finished this summer will be resealed and Commissioner Roy Rice said probably the crew would finish the program for the summer by the middle of next week. While in the north end the crew did a new construction job between Broadacres and St. Paul's four corners, patched and resealed the road between Donald and Aurora, did some patching around Fairfield and also in Mission bottom. A little more work is to be done near Talbot as well as in the vicinity of Salem.

John Barrett, of Albany, and Margery Dawson, Vancouver, Wash., have been issued a marriage license at Vancouver, Wash.

Centers Prepare to Be Busy After War

Portland, Aug. 13 (AP)—Staffs of servicemen's centers here expect to be busier than ever in the months just after V-day officials said today.

Activity will not be slackened, said the Portland USO council, reporting all USO centers will stay open "as long as the need is justified." A council spokesman said attendance at all units had been steadily increasing for months.

Nimitz Honored By Great Britain

Aboard HMS Duke of York, Aug. 10 (Delayed) (AP)—Great Britain today conferred one of its highest honors on American Fleet Admiral Nimitz in a colorful ceremony at which he received the Grand Cross of the Order of the Bath.

In recognition of Nimitz' naval leadership in the Pacific, Adm. Sir Bruce Fraser, commander-in-chief of the British fleet, himself a knight of the ancient order, presented the gold medallion five pointed star to the American admiral on behalf of King George.

To an assemblage of white-uniformed British and American naval officers and U. S. army personnel lined up by the Duke of York's big 14-inch guns, Sir Bruce said Admiral Nimitz had shown "skill and determination" to such an extent that "today we find American and British naval forces off the Japanese coast."

Nimitz, standing between Sir Bruce and General Spaatz, commander of U. S. army strategic air forces, expressed thanks for the high award, but added "I am mindful of the honor paid not to me personally, but to each officer and man" who contributes to the war effort in this theater.

"We welcome the Duke of York," he added, "as a powerful addition to the growing might of the British Pacific fleet. In combination with the U. S. Fifth and Third fleets, the British have given a sterling account of themselves."

"In good time," he concluded, the allies will finish the job of defeating Japan.

Program for Band Concert

Monday night's municipal band concert, to be given at 8 o'clock on the west terrace of the state capitol will be dedicated to the late Henry Stoudenmeyer, Sr., who was director of the Salem band for many years.

Miss Helen Benner, talented vocalist, will be featured during the program. The band will play the "Al Kader March," a composition which Stoudenmeyer composed while director of the Shrine band in Portland.

Miss Benner, who was educated in Salem, is now doing radio work with the Blue network and for the past year has been singing before wounded soldiers at many of the service hospitals. This fall she will return east for concert, radio and solo work in New York.

The program:
Al Kader March Stoudenmeyer
New Moon Overture Bonbers
The Blue Bird—Porter
Tea for Two—Youngman
Helen Benner—Mesto soprano
Army Corps Song Crawford
My Hero from "Chocolate Soldier" Strauss
March and Corlies from "The Queen of Sheba" Ground
I.M. Getting Sentimental Ground
Over You Washington
Incidental trombone solo, Leslie Caston.
Men of War March Kuhn
Sweet Staircase, Fox Trot Earl
Ha Honor March Earl
Star Spangled Banner Filimore

Ministers Plan V-J Day Observance

The Salem Ministerial association Saturday announced plans for observance of the capitulation of Japan. If the announcement comes before 11 o'clock Sunday morning there will be no special union church service, but each minister will conduct the observance in his own church. If word of Japan's surrender is received after 11 o'clock Sunday morning, a special union service will be held at 8 o'clock Monday night at the First Methodist church.

The program will be under the direction of Rev. Jesse Goodheart of Englewood United Brethren church. Rev. Mark Getzenbauer of the American Lutheran church will be the speaker.

It was decided that if announcement of the surrender comes on any day other than Sunday before 8 p. m. the union service will be held that same evening. If it comes after 8 o'clock the meeting is to be held the following night.

Oregon to Observe Victory J Day

Victory day will be observed in Oregon with appropriate ceremonies, Gov. Earl Snell

Y Camping Season Ends

Sunday will mark the close of the Silver Creek recreation area insofar as sponsorship by the Salem YMCA is concerned, although facilities will be taken over for a three week period by the Seventh Day Adventists.

The area was opened for camping June 10 and has operated at capacity during the nine weeks which have followed. The first five weeks were devoted to boys under the direction of Harold Davis, boys work secretary of the YMCA. The camp's facilities were used by Presbyterian groups for two weeks while one was devoted to operation of the Girls State camp and the final one to the District Girls camp.

The season just closing has been the largest in matter of attendance since the district was constructed a number of years ago as a WPA project. The area is a part of the national parks system which leases the facilities to the Y on a year to year basis. Harry Buckley, representative of the park system, is resident manager for the area which is located approximately two miles off the Silver Falls loop highway.

Bean Platoon New Recruits

West Salem, Aug. 13—More recruits are urgently needed in West Salem's bean platoon, now working in the Badger yard in Grand Island. Adults and older children are especially urged to join.

Forty-five are now working with the platoon but according to a report coming directly from the yard this morning, the beans are developing so rapidly that this number of pickers can not cope with the harvest. No Mexican nationals can be secured to relieve this grower's harvest problems so the cooperation of housewife and school children must be depended upon to save the crop.

Mrs. Reinwald, leader, reports that the picking is good and should improve each day until the peak is reached. Additional workers, even though they may be able to work for only a few days, are urged to report at 7 o'clock tomorrow morning at the pick-up point at White's Grocery or they may register this evening after 6 o'clock at Mrs. Reinwald's home at 1326 third street.

Salem Ball Club Plays Tuesday

The Salem softball club, coached by Bob Schwartz, will make its first appearance in the Portland tournament Tuesday evening at 6:30, according to pairings which were received here Saturday forenoon. First opponent will be Duro Test Lamp with the game being played on Buckman field. Should the Salem club get over their first contest they would then meet the winner of the Grimshaw-Hood River clash, Thursday evening. The locals will engage in a practice session Monday evening at 6:30 at Olinger field and will leave for Portland at 4 o'clock Tuesday afternoon from the Square Deal shop on North Commercial street.

The governor will be a full state holiday.

A proclamation, to be distributed on the day of victory as announced by the White House, has been prepared. It calls for the closing of public buildings, state stores and agencies and asks all business activity be suspended where possible.

The governor suggested that churches be opened for special services on victory day.

Do You Need a CHANGE?

Your eyes change. Your glasses don't. That's why it is so important to have your eyes examined at regular intervals to see if your glasses are still perfectly adapted to your vision... and if not, to have the proper corrections made.

Barnes Reports on Uranium Ore Discovered in Oregon

Watching with close interest oil prospecting that is now in progress in the Willamette valley is L. S. Barnes, formerly of Salem, and one time part owner of the Capital Journal, now California oil operator, who, with Mrs. Barnes, are guests at the home of Mrs. George E. Waters, 384 North Summer street. Mr. Barnes' company is the Elbe Oil Land Development company of Los Angeles, a highly successful concern.

Claim Petain A Scapegoat

Paris, Aug. 13 (AP)—Defense counsel in the trial of Henri Philippe Petain charged today that the fallen leaders of the Third Republic were seeking the aged marshal's death to cover their own responsibility in the defeat of France.

Openings the defense's final summation, Chief Counsel Jacques Payen declared Petain was being made a scapegoat for former premiers Edouard Daladier, Paul Reynaud and Leon Blum, ex-Commander in Chief Maxime Weygand and other chiefs of pre-armistice France.

"Those were the people who prepared, fought and lost the war," he said.

"Isn't it possible that here are the people who want this old man to go to the firing squad so they can be exonerated and even returned to power?" Payen asked the jury.

"Tomorrow," he added, "I will show who are those really responsible for the war."

Payen read off a number of letters written by Petain to leading French politicians before the war in which the aged marshal stated that he did not want to become entangled in politics.

Snell Gives Warning In Talk to Vets

Portland, Aug. 13 (AP)—Governor Snell warned here yesterday that another war, with science's new implements of death, would mean the destruction of civilization itself.

"This time there must be enduring peace," he told the second and third Oregon regiments, Spanish-American war veterans, at their annual reunion. Snell said America must exercise continuing active leadership in a world peace organization.

The governor commended the veterans on their efforts to set up a permanent base for the battleship Oregon and to have a national cemetery placed here.

Uranium Deposits Found in Oregon

Portland, Ore., Aug. 13 (AP)—Deposits of uranium, the basis of the atomic bomb, have been found in Oregon, according to Archie H. Smith, manager of the fluorescent department of Smith's agate shop.

Smith said the deposits exist along the Deschutes river and in the Mutton mountain range in the Warm Spring Indian reservation.

He first examined the rock, brought to him by Howard and Joe Davis, under ultraviolet light in 1934, Smith said. H. C. Dake and Jack Dement, editors of the Micrologist magazine, have also examined the rock and estimated that one part in every 140 of the uranium is of the weight required for making the atomic bomb.

"The specimen," he said, "was sent to me from eastern Oregon. I didn't pay much attention to it, but put it away in my mineral cabinet. Some time later I was moving the specimens and noticed a charred hole in the cabinet beside that sample. There were no ashes or dust. Even then I didn't give it much thought, but put it in another box. The same thing occurred there, a hole as big as a dollar without ashes or dust. I don't understand it, and a geologist said he didn't think pitch blend would do that. Anyway the specimen is something that set up a pretty strong radio activity or some other kind of activity. And it came from an area where, I understand, uranium ore is being found."

Uranium Deposits Found in Oregon

Portland, Ore., Aug. 13 (AP)—Deposits of uranium, the basis of the atomic bomb, have been found in Oregon, according to Archie H. Smith, manager of the fluorescent department of Smith's agate shop.

Smith said the deposits exist along the Deschutes river and in the Mutton mountain range in the Warm Spring Indian reservation.

He first examined the rock, brought to him by Howard and Joe Davis, under ultraviolet light in 1934, Smith said. H. C.
