Skin Disease Centers Named

Washington, Aug. 20 (AP)—Eight centers will be established in this country specializing in treatment of tropical skin disease. Maj. Gen. Norman T. Kirk, army surgeon general, announced today.

The centers will be at Wake-man General hospital, Camp Al-terbury, Ind.; Brooke General hospital, Fort Sam Houston, Texas; Madigan General hospital, Fort Lewis, Wash.; Moore General hospital, Swannanoa, N. C.; Harmon General hospital, Longview, Texas, and in U. S. General hospitals at Camp Edwards, Mass., Camp Butler, N. C., and Camp Carson, Colo.

"The new arrangement will make possible better distribution of the limited supply of specialists in dermatology," Maj. Clarence S. Livingood, Philadelphia, Kirk's consultant in dermatology, said. He said there was no reason to fear spread of tropical skin infections in this country because few of the diseases are contagious and no transmittable cases will be discharged until they are non-infectious.

Joe Hopes Joe Will Return

Chicago, Aug. 21 (AP)—If those two guys named Joe—the big guns of the New York Yankees—can get back together on the same team within the next few days, things may be a bit rosier for the erstwhile "Bronx Bombers."

Joe McCarthy already is back after a siege of illness, and the Yankee manager today hoped reports of an early service dis-

charge for his prize outfielder, Joe DiMaggio, are correct.

McCarthy, apparently reconciled to the fact his Yankees, for the first time in a decade, aren't figuring as title contenders, looked to the future, to the day when he believes he will have another string of champions.

"Right now we're in sixth, but if DiMaggio does get here soon, and is in shape, we should improve that a lot. We're nine games back of Washington, but using the extra punch he could give us along with Charley Keller (who joined the club Sunday), we might hit a string of wins that would lift us out of the second division."
