

## Bellevue Street Presents Two City Council Issues

Bellevue street, which has never figured much in the news columns, had its innings at the city council meeting Tuesday night with two issues involving that street came before the aldermen, one pertaining to improvement of residence property, the other to industry.

Bellevue for several blocks east of Liberty is undeveloped and unused for street purposes. Miss Alma Pohle, who owns property immediately east of Liberty, sent a written request to the council for permission to remove more than a dozen trees so she can improve her property. City Engineer J. H. Davis said the trees are about the center of the street.

Alderman Lloyd T. Rigdon had moved that the request be granted when Ralph Campbell, attorney, arose in the gallery and said he represented Miss Agnes Bayne, who lives on the south side of the street. Miss Bayne, he said, did not know about Miss Pohle's request until just before the council meeting, and she objected to the trees being removed.

Alderman David O'Hara moved that the question be referred to the street committee. It was held that his motion took precedence over Rigdon's motion, and it was referred.

Another controversial question involving an undeveloped part of Bellevue street between High and Church was settled

to the street and traffic committees.

The city refuses to pay J. H. Lauterman \$92.50 a month instead of the present \$75 as its share of the rental in the Arg building for the Marion county office of the war price and rationing board. The city and the county each pay half the rental. Recently they were notified by Mr. Lauterman that the rent would be increased from \$150 to \$185 a month. The ways and means committee Monday night recommended against paying the increase and the report was adopted.

Residents of Block 2 of Brooks addition, between Spruce and Highland, will get sewer service. Their petition was approved on recommendation of the sewer committee.

Permission was voted the Oregon Electric Railway company to remove its swinging bell signal on the Highland avenue grade crossing and substitute a fixed signal and reflector.

On motion of Alderman Tom Armstrong the city recorder was instructed to advertise for bids for building an annex to City Hall on each side of the entrance steps on High street. City Engineer J. H. Davis reported an estimate that the job would cost about \$7,315. Armstrong said bids would furnish the council exact figures.

**Zone Changes Made**

By resolution the council approved payment of \$385.98 each to the Red Cross and the Methodist Old Peoples' Home on property in Moore's addition which the city has held as trustee for the home and the Red Cross.

Sale of the property has been completed.

A representative of the Southern Pacific company informed the council, in response to a recent complaint, that it would smooth up any rough crossings pointed out in the city and would restore a monument on Trade street that City Engineer Davis said was removed by a crew of railroad workmen.

By ordinance the council approved a change in zone classification in Cartwright addition, from Class II residential to Class III business, applied for by Webb Haskins, and from Class I residential to Class III business in Dairy Cooperative addition to permit the erection of garages by the cooperative.

## Summer Vacation Spoiled by Mumps

Silverton—Miss Dorothy Williams, 13, daughter of the K. Williams, has saved up her summer's time for an outstanding vacation of two weeks at the Girls' camp at the Silver Falls recreational area. She came down with the mumps during the 1st week and couldn't go to her home because of giving the contagion to her small brother and perhaps, her parents, who have not had them yet.

Dorothy was taken in by her grandparents, the E. P. McNeers, and is visited through the closed window by her brother, who isn't taking the separation as kindly as Dorothy is. She will be indoors for two weeks.

**MOTHERS PLACE THEM AT THE "HEAD OF THE CLASS" BECAUSE THEY'RE THE STURDIEST**

**SCHOOL SHOES THEY CAN BUY**  
School shoes certainly take punishment! That's why thousands of mothers repeatedly buy WARDS sturdy children's shoes... and get their money's worth in good, long wearing materials...
