Cigarette Increase Reported at Albany

Albany—Cigarettes appeared in profusion on a number of grocery, drug store and restaurant counters this week and at some places more than one package went to a customer. In fact one store has been advertising cigarettes.

One grocer remarked that if he puts out a single carton customers pounce on the cigarettes and they disappear like magic, but as soon as he displayed 20 cartons sales slowed down to a snail's pace.

Reason for the sudden abundance of cigarettes here is not quite explained by the report of wholesalers that the local incoming supplies have been increased about 25 percent.

Some retailers have suggested that maybe cessation of hoarding influenced by the war's end, may have something to do with it.

Retiring Army Nurse Guest Of Old Friend in Silverton

Silverton—Mrs. Helen M. Wrightman, a Gold Star mother of this World war, entertained at her house guests during the week at her South Winter street home, Lt. Col. Genevieve Bergeson and Lt. Grace Robertson, both old time friends of Mrs. Wrightman, who were enroute to San Francisco from McGraw General hospital, Walla Walla, Wash., where they were last located.

Lt. Col. Bergeson is recently retired from 27 years service for the U. S. and plans to make her home in the bay city, spending part of her time at her former home in Jamestown, N. Y. Following a 20-day visit leave with her parents in San Diego she will check back to Ft. Lewis to fulfill her south Pacific army of occupation obligations.

The visit to Silverton of Lt. Col. Bergeson was epohcal in that the two women had not seen each other for 40 years. The high rank was conferred on the honored nurse at a special ceremony at Ft. Lewis two years ago. The renewal of the old time acquaintance was through Mrs. Wrightman reading of the ceremonial, and remembering that she had taught a little girl in the grades of Jamestown by that name when her letter was replied to by the lieutenant colonel. To her credit has been service in hospitals in Manila and other parts of the Philippines, in Honolulu, Letter-

man General, Madigan, and special service for the wounded outside the hospital jurisdiction. She spoke highly of the unselfish work of Lt. Nina Alm, now in France, daughter of Mrs. Julius Alm, Silverton. Lt. Alm will be with the army of occupation in the European area for some time, it is believed.

Silverton—An after-midnight prank that was not appreciated by the owner of the building, R. A. Fish, was the breaking of one of the large plate glass windows in the building soon to be occupied by the Klang store. From the appearance of the break it was evident that the action was deliberate. At this time it is difficult to make the expensive replacement.
