Nimitz Lands At Oakland

Oakland, Calif., Nov. 14 (AP)—Fleet Admiral Chester W. Nimitz, upon his arrival at Oakland airport from Pearl Harbor today, again expressed opposition to unification of the armed forces.

En route to Washington to report to the chief of naval operations for temporary duty, the admiral arrived at 10:20 a.m. aboard a navy plane.

Regarding Tuesday's sailor-civilian rioting in Honolulu, he commented to interviewers that he had "no report on the matter and knew nothing of the cause—but I will know."

Remaining jobs for the navy in the Pacific, he said are "continued support of the occupation of Japan and bringing the boys home."

Nimitz expects to leave for Washington by plane tomorrow morning. He will return to his command in the Pacific, he said, following his temporary tour of duty in Washington.

Commenting on the proposed merger of the army and navy departments, he smiled broadly and said:

"I'm again 'it.'"

"If I'm called to testify (before the senate military affairs committee) I can elaborate on that," he added.

The fleet admiral, in opposing the merger, reversed a view he expressed a year ago.

On the subject of Japanese occupation, he said it "is going very well."

Nimitz said the demobilization of the navy was "proceeding as rapidly as it can and still permit the orderly repatriation of our own troops. It is proceeding at a faster rate than had been estimated."

The state supreme court today upheld a Multnomah county court judgment giving Chester A. Sheppard a \$7500 judgment against the estate of A. I. Blitz, deceased.

The opinion by Justice J. O. Bailey upheld Circuit Judge Franklin C. Howell of Portland.

Chinese Reds Destroy Roads

Chungking, Nov. 14 (AP)—Chinese communists have destroyed one tenth of all China's railways—approximately 875 miles of track—causing "widespread dislocation" of the country's transportation network, Cabinet Spokesman P. H. Chang asserted today.

He said, however, that trains still were running on the Peiping-Mukden railroad between Peiping and the North-China seaport of Chingwangtao, coal-loading point guarded by U. S. marines.

Tatung-Pukow and Peiping-Suiyuan railroads, linking China with Inner Mongolia, are "almost entirely inoperative," he reported. So is the Canton-Hankow line in south China between Kunging in Kwangtung province and Linyang in Hunan province, he added. Breaks also were acknowledged on the Lunghai railroad in north-central China near Chengchow and Tungkuang.

Traffic was restored on the Nanking and Shanghai-Hankow railroads, Chang reported, and trains are running between Pukow and Hushchow on the Tientsin-Pukow line in northeast Kiangsu province. Trains also are moving again on the Peiping-Hankow railroad between Hankow and Chengchow near the Yellow river, he said.

To police she admitted the following checks passed in Salem stores: Esther Foster's \$25, Smart Shop \$10, Busick's \$15, H. L. Stiff Furniture company \$25, J. C. False Alarm Brings First Aid Car

Calls for first aid coming from along the Dallas road hereafter will have to be made very definite and certain before there is any response from the aid station, says Capt. Percy L. Clark. The reason is a false alarm sent in Tuesday from that district.

The information given first aid by someone who telephoned was that a man had suffered a broken leg in an automobile accident. A hurry trip was made by the aid car. The vicinity was searched as far as Brunk's Corners, but no casualty could be found.

First aid was given Wednesday morning about 4:50 o'clock to Judson Bressler, 2792 South Commercial, who suffered a broken right arm in an accident at the paper mill where he is employed. Some object fell on him, first aid reported.

Blue Book Shows Dewey Won Oregon

The new edition of the Oregon Blue Book, official statistical and information guide published by the state, shows that Thomas E. Dewey defeated the late President Roosevelt in the 1944 general election.

A table in the book gives Dewey 432 electoral votes to Roosevelt's 99. It should have been exactly the reverse.

In the table, the vote in each state also is backwards.

Japan Appeals For Food, Fuel

Tokyo, Nov. 14 (AP)—Desperately-hungry Japan appealed officially today for allied food and fuel, promising to pay—in installments—by shipments of gold, diamonds, silk and other goods.

General MacArthur's headquarters reported that it was not ready to indicate what the allied answer might be. Japanese Minister of Commerce Sanjuro Ogasawara announced the formal application for the imports—mostly from America—to stave off threatening famine. He made it clear that Japan's alternatives are simple: barter or die.

Lt. Gen. Robert L. Eichelberger meanwhile reported that occupation forces in Japan and Korea are near their peak and soon will decline from their present 460,000. He did not say, however, how soon the U.S. forces might reach the minimum 200,000 which MacArthur has indicated will, by next spring, be adequate.

While American reparations representatives deliberated the price Japan must pay for her war of aggression, Japanese prepared to set up their own reparations commission to study the problem, Kyodo News agency said. Experts from the ministries of finance, foreign commerce and industry, agriculture and forestry, and transportation are expected to be included.

Ogasawara, in announcing Japan's application for U.S. imports, acknowledged that Nippon's trade "is presently in a state of suspension," but added that he hoped the U.S. may again become "Japan's best customer."
