Recommends Continuation Of Atomic Bomb Making

Washington, Nov. 28 (AP)—Maj. Gen. L. R. Groves told the senate atomic energy committee today he considers it necessary to continue making atomic bombs until we have a suitable supply on hand and the question of international control is determined.

It should be possible to make certain reductions in the plants within two years, the head of the secret Manhattan project told Senator Vandenberg (R., Mich.). Until then, Groves said, the production facilities should be retained and operated about as they now stand.

He testified that budget estimates for peacetime operation had not been prepared, but rather reluctantly estimated that the expense would run somewhat less than $500,000,000 a year.

His testimony before the senate group studying control measures included these other points:

1. A recommendation for establishment of a special commission independent of any other government agency to supervise and control the development of atomic energy.

2. Official casualty estimates of the two atomic bombings of Japan: 70,000 to 120,000 dead or missing and 75,000 to 200,000 injured at Hiroshima; 40,000 to 45,000 dead or missing and 40,000 injured at Nagasaki.

3. A declaration that the atomic bomb was "the greatest surprise since the Trojan horse" and effecting in bringing the Japanese war to a sudden end.

4. A statement that no radioactive damage was done to human beings except at the moment the bomb went off.

5. An estimate that if an atomic bomb were dropped in the "federal triangle" of government buildings in Washington, an area about two miles in diameter would be destroyed.

Such an area would take in the capitol and the White House, range northwest as far as the national cathedral, and windows would be blown out of the Pentagon building across the Potomac river in Virginia, he said.

Stocks Decline Irregularly

New York, Nov. 28 (AP)—Stock market prices remained irregular throughout today's session.

Aircrafts, airlines, farm implements, some rubbers and selected issues made a little progress. Rails declined. Some selling started late yesterday when Santa Fe directors declared only the regular dividend instead of an expected higher disbursement.

Motors were depressed. Steels were mixed. Volume approximated 1,800,000 shares.

Higher near the close were Bethlehem, Republic Steel, Goodrich, Woolworth, International Harvester, Boeing, American Airlines, Telephone, North American, Anaconda, International Telephone, American Can, Allied Chemical, Eastern air lines, Laclede Gas and Sinclair touched new yearly tops.

Lower were U. S. Steel, Youngstown Sheet, General Motors, Chrysler, Goodyear, Public Service N. J., American water Works, Du Pont, Santa Fe, Southern Railway, Great Northern and Standard Oil (N. J.).

Bonds were uneven.

Grains Dull Prices Steady

Chicago, Nov. 28 (UP)—Rye futures moved nervously and closed mixed on the board of trade today. Other grains were dull with prices steady at the close. Barley showed independent strength.

Rye finished the day off ½ up to ¾ cent a bushel; wheat unchanged to up ¼; corn unchanged; oats up ⅛ to off ⅛, and barley up ¼ to ⅝.

Trading in rye was unsettled and hedged with uncertainties concerning the approaching delivery day and the ultimate disposal of Canadian rye here believed to be for distillers. Weakness at Winnipeg and in the northwest, where prices tumbled almost three cents, had a disturbing effect in the local pit.

December and May wheat traded at the $1.80½ ceiling in active demand but new crop months held within a narrow trading range close to the previous level.

The trade looked for government agencies to buy actively in the flour market next week and for foreign relief.

Trade advices reported that spring wheat mills last week booked around 60 percent of their capacity against 75 percent for the previous week and 96 percent a year ago.

Corn held strong at the ceiling.

A weaker tone in the hog market was reflected in the oats pit. Traders noted the purchase of 257,000 bushels of 36-pound No. 3 white oats at 75⅜ to 76⅛ cent a bushel f.o.b. vessel Duluth by the commodity credit corporation.

Victory Bond

(Continued from Page 1)

In the victory queen contest Leona Tingelstad retained first place as candidate for Hollywood Lions club with $50,952 in E bonds to her credit and Beth Greenlee, statehouse candidate, was second with $50,350, the only two in the race to so far reach the $50,000 mark. In third place is Jean Wolcott of Miller's store, with $45,575, in fourth, Faye Larkins of Salem Lions club with $39,025, in fifth, Betty Lou Kayser, Salem Kiwanis club candidate with $30,725, and in sixth place Beulah Lott for Salem junior chamber of commerce with $14,500 cast for her in E bonds.

Bond headquarters has called attention to the fact that only about 50 per cent of E bond purchasers are casting their ballots in the queen contest. With every E bond bought a ballot is given for this contest, only E bonds are eligible for ballots and the contest is the one big event that has been staged to promote the sale of E bonds with exception of the movie premieres. Of course, it is possible that numerous ballots are being withheld to be cast later or maybe flood the ballot boxes at the last minute, but to date the ballots cast are far from keeping pace with E bond sales. However, with close of the contest not far away it is expected the totals will begin to mount rapidly soon.

Price Asks Reexamination Of Military Rule in Germany

Washington, Nov. 28 (AP)—The White House made public today a recommendation by Byron Price for re-examination of the entire basic structure of military government in Germany, including the Potsdam declaration.

"We must decide whether we are going to permit starvation, with attendant epidemics and disorders, in the American zone, or ship the food to prevent it," said the former censorship director who investigated conditions in Germany at the request of President Truman.

Mr. Truman, in a brief statement accompanying Price's report said it "is worthy of the most careful consideration."

The chief executive requested the war, state, and navy departments to give "careful consideration" to its recommendations, most of which Price discussed with newspapermen in an interview recently.

The report amplifies Price's assertion that as a result of the French attitude, "Germany is not being treated as an economic unit," but is being handled in a way that virtually amounts to "its economic dismemberment."

"The necessity of breaking the present deadlock in the control council in Berlin is so important that use of the full force and prestige of American diplomatic power to that end is fully warranted," Price declared.

"Repeated attempts have been made to set up common policies so that the German railways, the German postal service and other essential facilities could be operated as integral national systems. All of these attempts have failed, due almost entirely to the rigid opposition of the French."

If France is bent on dismemberment of Germany Price said, "she should be made to acknowledge that policy before the world and not permit it to hide behind the opposite pronouncements of the Potsdam declaration." He added that "Our own policies should then be re-examined accordingly."

Steelworkers Voting on Strike

(By the United Press)

More than 650,000 steelworkers participated in a national strike vote today, and striking auto workers continued a coast-to-coast walkout against General Motors in the CIO's battle for higher wages.

Polling places were set up near 766 plants in 27 states—at an estimated cost of $300,000 to the national labor relations board—although the United Steel Workers (CIO) was assured that demands for a $2-a-day blanket pay boost would be endorsed.

The trade magazine Iron Age admitted that an industry-wide steel strike appeared inevitable but predicted the walkout would not take place before the first of the year.

Conner Rites at Cottage Grove

Funeral services were held this afternoon from the Mills chapel at Cottage Grove for William C. Conner, poultry journal editor here since 1919, who died at his home on route 3, Salem, Sunday at the age of 73 years. Concluding services were at the IOOF cemetery at Cottage Grove.

The son of Ira and Maggie Garrett Conner, he was born at Lacygene, Linn county, Kansas, January 14, 1872, and received his education in the public schools of Petaluma, Calif., and Cottage Grove, February 25, 1894, at Cottage Grove Conner was married to Anne Jones, who survives him.

Founder of the Riddle, Oregon, Enterprise in 1892 and the Myrtle Point Enterprise in 1897, Conner had been connected with the publishing business in Oregon most of his life. At Cottage Grove he served his printer's apprenticeship on the Cottage Grove Leader, which he later owned and published. At one time he was publisher and owner of the Roseburg Plaindealer for six years.

Conner published the Coquille and Harrisburg papers and in 1919 came to Salem to become staff photographer for the Oregon Statesman and to edit the Northwest Poultry Journal. Six years ago he became editor and part owner of the Western Poultry Journal, also published in Salem.

Surviving besides the widow are a son, David Clare Conner of Salem, and four brothers, E. G. Conner of Cottage Grove, Horace Conner of Grants Pass, Harry Conner of Eugene and R. G. Conner of Lorane, Oregon.

Gas on Stomach
Relieved in 5 minutes or double your money back.
When excess stomach acid causes painful, suffocating gas, sour stomach and heartburn, doctors usually prescribe the fastest-acting medicines known for symptomatic relief—medicines like those in Bell-ans Tablets. No laxative. Bell-ans brings comfort in a jiffy or return bottle to us for double money back. 25c.

"UNBLOCK" your DIGESTIVE TRACT
And Stop Dosing Your Stomach With Soda and Alkalizers
Don't expect to get real relief from headache, sour stomach, gas and bad breath by taking soda and other alkalizers if the true cause of your trouble is constipation.
In this case, your real trouble is not in the stomach at all. But in the intestinal tract where 80% of your food is digested. And when it gets blocked it fails to digest properly.
What you want for real relief is not soda or an alkalizer—but something to "unblock" your intestinal tract. Something to clean it out effectively—help Nature get back on her feet.
Get Carter's Pills right now. Take them as directed. They gently and effectively "unblock" your digestive tract. This permits your food to move along normally. Nature's own digestive juices can then reach it. You get genuine relief that makes you feel *really* good again.
Get Carter's Pills at any drugstore—25¢. "Unblock" your intestinal tract for real relief from indigestion.
