

Albany Here Tuesday Eve

Home from Klamath Falls where they dropped two straight to a much improved Pelican quint, the Salem Vikings get back in their own league Tuesday night when they entertain the Albany Bulldogs. The Bulldogs have had a series of setbacks in No Name league competition but are about due to upset some of their opponents. They lost a tough one to the Bend Lava Bears Friday night after leading most of the way.

Coch Harold Hauk's quint played a much better game Saturday night, being nosed out in an overtime session, 33-29. The count was tied 27-27 at the end of regular time but the Viks couldn't match the Pel's six markers in the overtime round. Salem led 7-5 at the quarter, 12-9 at the half and 22-18 at the three-quarter mark.

Tuesday night's program will feature two games with the Jayvees of Salem meeting the Albany second string in the preliminary at 6:45. Al Hessman, Bulldog center, tallied 15 points against Bend Friday night.

Beavers Cling To Slim Lead

The northern division Pacific Coast conference basketball race paced by Oregon State with Washington's Huskies only half a game behind, nears the half-way point Friday and Saturday and an upset or two can materially change the face of things.

Washington bounced back after a Friday defeat and handed Idaho's scrappy Vandals a 67-55 beating Saturday. The Beavers, however, clung to their lead with a 59-45 conquest of Oregon, last year's champions.

Washington will play Oregon at Seattle Friday and Saturday, with the conference leaders meeting Idaho at Moscow the same days.

Washington led all the way against the Vandals, although the second half was close until the Vandals broke up their defense in the final eight minutes in an effort to crack the Huskies "freeze" on the ball. The halftime count was 30-24.

The Beavers took good advantage of superior height to defeat Oregon. The Webfoots opened the scoring with a gift toss and O.S.C. immediately countered with a field goal. The Beavers kept the lead from there on, and closed out the first half with a 28-22 edge.

Big Red Rocha paced the OSC attack with 21 points.

Oregon's best effort was early in the second half when they closed the gap to 31-30 and 34-33 but the Beavers stepped up the pace and won going away.

Chandler Advocates One Head For Baseball of All Kinds

Dallas, Texas, Jan. 21 (AP)—Commissioner A. B. (Happy) Chandler says all baseball, including even the amateurs, should be under one head. He also reveals that negro diamond leaders have discussed the question of reorganizing their leagues on a basis that would permit their entry into organized baseball.

Here to speak at a sports achievement banquet, the commissioner at a press conference, disclosed that the presidents of the two negro leagues had conferred with him, President Ford Frick of the national league and President Will Harridge of the American league.

Chandler said these conferences were at the request of the negro league presidents and his revelation came in reply to a question regarding the signing of Jackie Robinson, a negro, to a Monarch International league, contract.

Chandler said he was asked if he also would be commissioner for the negro leagues. "I told them to get their house in order then come to baseball with a petition for recognition," Chandler declared. "The negro leagues favor keeping their own boys and with these leagues on a sound basis, with a contract like the one we use, they expect those boys to want to stay in their own class. I see no reason why the negro leagues can not become a part of organized baseball with the commissioner serving them as he does other leagues."

Mt. Hood Area To Be Boosted

Relieving a long felt need for additional housing, restaurants, amusement centers and everything tourists and regular customers might expect in the area which has Mt. Hood as the center, a non-profit organization, known as Oregon's Mt. Hood, Inc., has been formed. Officers and members of the board of trustees have been selected from Portland, as well as from cities which are primarily interested in the development of the Mt. Hood country as a winter and summer attraction.

The housing committee, under the chairmanship of Hollis Johnston, Portland architect, is making a survey to determine what can be done toward providing more overnight accommodations. A corporation to build and operate commercial facilities is being proposed. These include an amusement center, including ice arena, winter and summer hockey arena, convention hall, restaurants and other facilities necessary to attract tourists to the area.

Persons who visit the Mt. Hood area, especially during the winter season, have been hard pressed to find either housing or restaurant facilities and Oregon's Mt. Hood, Inc., is primarily interested in overcoming this shortage as well as providing an attractive area for tourists who are expected to visit the district in increasing numbers when it is learned that they can be accommodated.

The organization is located in the Lewis building, Portland, with James I. Himes as executive secretary.
