

# Stocks Advance Falteringly

New York, Feb. 21 (AP)—The stock market today set up and imbibed rallying nourishment to the extent of 1 to 2 around 5 points at the best although the convalescence was more or less sluggish.

Dealings, fast at the start, soon tapered and the ticker tape frequently halted. While advances were widely distributed near the close, top marks were trimmed in many cases. Transfers were in the vicinity of 1,500,000 shares against 2,150,000 Wednesday.

Wall Street regarded the comeback as largely technical. Better performers included U.S. Steel, Bethlehem, Chrysler, Santa Fe, Southern Pacific, Great Northern, Warner Bros., Schenley, American Telephone, Consolidated Edison, Home-stake, U.S. Rubber, United Aircraft, American Woolen, Montgomery Ward, American Can, Anacosta, Allied Chemical, Johns-Manville, Du Pont, General Electric, Westinghouse and Eastman Kodak.

Secondary railway bonds advanced. Cotton, toward the last, was 90 cents to \$1.40 a bale higher.

# OPA Enjoys 5 Meat Packers

Portland, Ore., Feb. 21 (AP)—Five Oregon slaughterers were under injunction today to obey OPA price regulations with which they said they were unable to comply.

Federal Judge Claude McCulloch declared that the price control act forced him to issue an injunction, "even though it is known at the time of issuance that non-willful violations are bound to occur."

Attorneys for the packing firms told the court they had paid market prices for cattle, varying from day to day, and admitted the monthly average was above that allowable on the quality of slaughtered beef obtained after grading. They said they were "helpless to prevent" the violation.

In signing the order, asked by the OPA, Judge McCulloch declared the court was in "the strange situation, previously un-

# Known to our law" of being compelled to treat as valid a regulation, "even though they know it to be invalid."

He said the case should be carried to the supreme court to determine whether the "courts have become mere rubber stamps for executive action."

# Farmers Union Urged for CVA

Hillsboro, Feb. 21 (AP)—The Oregon Farmers' Union was urged to support the proposed Columbia Valley Authority as a step toward unified development of the northwest yesterday at second day sessions of the group's state convention.

Herbert Peet, executive secretary of the Columbia Valley Authority League, Seattle, declared CVA opponents sought to cloud the issue by claiming local and states' rights would be threatened. Peet said the CVA could be advanced with authority already possessed by the federal government.

A. L. Haffenrichter, soil conservation service agent, told the convention the United States loses a million acres of top soil a year due to erosion.

Harley Libbey, executive board member of the union, advocated a national health program and federally financed clinics to assure the nation opportunity of proper medical attention.

# Malheur PUD Held Feasible

The state hydroelectric commission today declared the proposed Malheur county people's utility district is feasible.

The district includes 563 square miles in the northeastern section of the county, and also includes the cities of Ontario, Vale and Nyssa. It has a population of 19,263 and an assessed valuation of \$10,527,933.

The 4937 electrical consumers in the proposed district are served almost entirely by the Idaho power company, with a small number served by the Malheur Cooperative Electric association.

The commission estimated the annual electric revenue from the district at \$362,920, and costs of \$191,352, leaving a balance of \$171,568 available for debt retirement.

There are 67,327,719 persons in the United States affiliated with church or other religious bodies.

diary supervisor, the services are available to all dairy manufacturing plants which need assistance in building back a quality product.

Many plants, especially the larger ones, have been able to keep up a pretty good grading program during the war, but in others conditions have been such that it has not been possible to achieve the pre-war quality.

Miss Lucy Case, extension nutrition specialist from Oregon State college, will conduct a project leader training meeting in Salem, February 25 at the Y.M.C.A. The subject of this meeting will be "Buffet Meals."

Representatives from the 22 Marion county extension units will be present. Later these project leaders will present the same meeting to the extension unit in their communities.

Miss Case will discuss menus for buffet meals, centerpieces and decorations, favors, preparation and serving of the meal. As part of the meeting she will prepare a buffet luncheon for the project leaders who are present.

Throughout the meeting Miss Case will be assisted by three members of the Marion county home extension committee, Mrs. H. R. Woodburn, Mrs. Rex Hartley and Mrs. Glenn Bridwell.

Arrangements for the meeting are being made by Miss Marjorie Tye, Marion county home demonstration agent.

# Von Inquest Stated Friday

Inquest into the death of Jack Von, Canby fighter, who died at a local hospital Wednesday night half an hour or so after he had been knocked out in a bout with Bobby Ford, Portland negro, will be held at 3 o'clock Friday afternoon at Clough-Barrick mortuary under arrangement made between Deputy District Attorney Larry Osterman and Deputy Coroner Tommy Golden who is expected to officiate due to the illness of Coroner L. E. Barrick.

Osterman stated that Bobby Ford and his manager, Larry Caputo of Portland, have been released to Tex Salkeld, prominent in fight circles, with agreement that the men will be at the inquest where they will be interrogated as witnesses.

Other witnesses to be called include Dr. Charles D. Wood, who performed a post mortem on the dead fighter Thursday; Dr. M. E. Gadwa who examined him as to his physical condition before the fight and pronounced him fit to enter the ring; Packy McFarland, referee; George Mahlstrom, chairman of the boxing committee of the Veterans of Foreign Wars which sponsored the bouts, and possibly some others.

Mahlstrom also announced Thursday morning that the Veterans of Foreign Wars will sponsor a benefit fight show here on the night of March 27, all of the proceeds above expenses to go to Mrs. Von, widow of the fighter who succumbed following Wednesday night's show.

Mahlstrom stated that Young Duane Hoag will be one of the fighters in the main event that evening that the best card possible will be framed up and that all of the boxers will agree to fight for no purse and let the money go to Mrs. Von.

# Grading Activity Resumed in State

Reactivation of the war-recessed milk and cream grading program in the dairy manufacturing plants of Oregon is getting under way as plants return to a more normal status upon return of veteran graders, the state department of agriculture announced this week.

Joseph A. Gray, himself a veteran, has returned to the department staff and will be in charge of the renewed quality improvement activities for the department, says O. K. Beals, chief of the division of food and dairies. Initial work is being carried on in southern and central Oregon plants.

Milk and cream graders in the dairy manufacturing plants serve in effect, though not actually, as deputies of the department inasmuch as they are licensed by it. In the department program, in which Gray is being assisted by George Dickinson,
