## Russians Move Into Germany

Prague, May 21 (AP)—An official announcement today said that Russian troops bound for Germany had begun moving across Czechoslovakia from the south in connection with "the reorganization of Russian occupation forces in Germany."

The announcement indicated that the movement would continue through May 26, date of the Czechoslovakian general elections.

The main body of Russian forces was withdrawn from Czechoslovakia early this year. A statement from the office of Prime Minister Zdenko Fierlinger said the movement was planned in consultation with the Czechoslovak general staff, which had approved of the plan.

There was widespread speculation whether the presence of Russian troops, even in transit, would have any effect on the forthcoming parliamentary elections.

The statement from Fierlinger's office, however, said the troop movement was "due to the dislocation of Soviet occupation forces" and added that the "step has no political background. This is said with the purpose of anticipating all combinations of untrue speculations."

The statement said it would take the troops nine days to reach their destinations in the Russian zone of Germany.

## La Guardia Raps Hoover

Washington, May 21 (AP)—UNRRA Director-General F. H. LaGuardia today assailed the suggestion of former President Herbert Hoover that the world must quit charity as a basis for food distribution to needy nations. He said this would turn international mercy "into an international pawnshop."

LaGuardia also rejected the proposal made yesterday by Mr. Hoover that an international food agency of broader scope than UNRRA take over the functions of LaGuardia's organization as early as this fall.

The former New York mayor spoke at a meeting of the United Nations food and agriculture organization, called to lay long-range plans for world food supplies.

Mr. Hoover's proposals were made in a speech before the same group yesterday. He told the international representatives at the time that LaGuardia had endorsed the idea that UNRRA should go out of business on September 1. Its present authority expires on January 1 in Europe, but lasts until March, 1947, in China.

LaGuardia also wants to wind up UNRRA affairs, but not that soon.

## Berthing Ships Costs \$4 Million

Washington, May 21 (AP)—The navy plans to spend \$4,000,000 next year on facilities for berthing approximately 2,200 ships of the inactive fleet.

Rear Admiral J. J. Manning, chief of the navy's bureau of yards and docks, says the appropriation is necessary because original berthing projects "were not broad enough to provide all of the necessary facilities."

In testimony before a house appropriations subcommittee, he gave a breakdown of the proposed expenditures including:

Green Cove Springs naval station, Orange, Texas, \$820,000; San Diego (Calif.) naval repair base, \$580,000; Mare Island (Calif.) naval shipyard, \$200,000; Hunters Point (Calif.) naval drydocks, \$300,000; Stockton (Calif.) naval supply depot, \$270,000; Alameda (Calif.) naval air station, \$105,000; Bremerton (Wash.) naval shipyard, \$340,000; Astoria (Ore.) naval station, Tongue Point (Ore.) \$340,000; Todd Pacific Shipyard at Tacoma, Wash., \$165,000.

Manning also gave a breakdown of proposed berthing of inactive ships, with the number of vessels and aggregate fully loaded tonnage at each area including Tongue Point (Ore.) naval station, 433,496,040; Bremerton (Wash.) naval shipyard, 35,725,900; Tacoma (Wash.) naval station, 35,359,400.

## City Budget Incomplete

Discovery that at least \$37,000 more money will be available to balance the city budget than at first anticipated led to a conclusion at the budget committee meeting Monday night that the cut in estimates to balance the budget will be about \$190,000 instead of \$227,000 as previously announced.

Part of this is due to the sub-committee calculating that the estimated amount of tax not collected on account of delinquencies should be put at 5 percent instead of 10 percent.

The committee took no action on the budget, simply taking a hasty glance at the estimates, and Chairman O'Hara told committee the sub group to balance the budget wanted more time and that it was somewhat handicapped by not knowing what the sub-committee on salaries was going to report. Alderman Tom Armstrong, chairman of the salary group, said the sub-committee would meet Tuesday night.

Alderman Kenneth C. Perry, chairman of the police committee, said no salary increases are asked for police officers, but that the salary item is increased by three new officers recently authorized by the council and nine more requested in the budget.

One point to be determined is whether the one-mill park maintenance tax approved by the people in the May 17 election will eliminate or simply reduce a park maintenance item of \$22,960 in the budget. The millage tax is estimated to raise \$17,000.

## Detroit Road Bids Invited

W. H. Lynch, division engineer of the public roads administration, will receive bids until 10 a. m. June 4 for two proposals for the relocation of the North Santiam highway. The bids are for two projects, listed as Ore. 24-A2 and Ore. 24-A3, and each involves about 5 1/2 miles of highway relocation in connection with construction of the Detroit dam. Details of the work are:

On Ore. 24-A2, work calls for grading and bridge construction on North Santiam highway in Willamette national forest and involves 59 acres of clearing, 40 acres grubbing; 574,000 cubic yards unclassified excavation; 5,660,000 cubic yards overhaul; 11,000 cubic yards selected borrow surface course (special detours); 1450 cubic yards concrete class A, 260,000 pounds reinforcing steel, 3400 cubic yards cement rubble masonry, 7700 cubic yards special rock embankment, 5200 lineal feet of track shifting, 2700 lineal feet of beam guard rail and other items.

Ore. 24-3A calls for work in same general location and involves 28 acres clearing, 21 acres grubbing, 414,000 cubic yards unclassified excavation, 2,600,000 yards overhaul (1000 feet free haul), 315 lineal feet of tunnel excavation, 2500 cubic yards selected borrow base course, 63 cubic yards concrete class A, 1900 cubic yards cement rubble masonry, 1608 lineal feet culvert pipe, removal and disposing of existing bridges, 1400 lineal feet beam guard rail and other items of work.

## Col. Kern Crandall Reserve Group Head

Portland, May 20 (AP)—Col. Kern Crandall, Portland, was elected president of the Oregon Reserve Officers' association at the annual convention here Saturday, attended by delegates from 16 cities.

Other new officers: Col. Carl Robbins, Eugene, vice president; Lt. Col. Carroll Mitchell, Baker, and Capt. Leo F. Young, Roseburg, council members.

## COUNCIL PURCHASES 'SIAMESE SEATS'

The gallery of the city council chamber at City hall is to have some new chairs, and of a type never before used in the building.

They are of the double type, two chairs to a set, or in simpler words, two chairs fastened together like Siamese twins.

The chairs became available for purchase from the Red Cross at \$2 a set, and the council voted to buy 15 sets for \$30 on motion of Alderman James A. Byers. Several sets had already been placed in the room Monday night.

## Peace Restored In Azerbaijan

Tabriz, May 21 (AP)—The government of self-proclaimed autonomous Azerbaijan lifted martial law after one day today with the announcement that "conditions no longer justify the measure as peaceful methods prevail."

(Dispatches from Tehran, capital of the central Iranian government, quoted Prince Firouz, director of propaganda, also as declaring that "all outstanding questions between Tehran and Azerbaijan will be settled peacefully, compatible with Iranian unity and independence.")

(The dispatch quote Firouz as saying Brig. Gen. Homayun, Iranian army commander in Kurdistan, had been given explicit orders to take no steps of an offensive nature and that Premier Jafar Pishevari of Azerbaijan likewise had given similar orders to his commander in the area of reported clashes.)

(Forouz said "rumors of civil war" had been "fomented by reactionaries desiring to make political capital of local incidents" and that steps would be taken against them. Three "outstanding reactionaries" who were pro-British members of the recent parliament, have been arrested.)

## Claim Victory

Forces retreating from Szepekingai presumably rendezvoused there and troops of Communist Gen. Cho Pao Chung's powerful northeast peoples defense army bivouacked in the area after they had captured Changchun.

The central news agency reported that Gen. Pai Chung Hsi, new government defense ministry chief, had entrained for Szepekingai from Nanking to inspect rehabilitation work. Presumably he would confer with Gen. Tu Li-Ming, new first army commander, who recently predicted an easy drive to Changchun after Szepekingai was cleared.

The agency also reported that government troops had recaptured Pehpiao in eastern Jehol province, after losing it to the communists last week.

## Gideons Presenting Graduates Testaments

## Mine Seizure

preserve economic structure in the present emergency."

The government already has taken over the strike-threatened railroads.

Krug was expected to announce shortly his plans for seizing and operating the mines.

The order directs Krug to operate the mines "in accordance with such terms and conditions of employment as are in effect at the time possession thereof is taken, subject to the provisions of section five of the war labor disputes act."

At the same time, Krug may apply to the national wage stabilization board "for appropriate changes in the terms and conditions of employment for the period of the operation of the mines by the government."

This apparently would open the way for wage increases and other adjustments under government operation.

The order also directs Krug to make employment available to all employes now working in the mines and to others seeking employment "so far as they may be needed."

Clifford A. Lewis, chairman of the republican county central committee, and Joseph Felton, president of the Oregon republican club, went to Portland Monday to participate in election of a successor to Neil Allen, chairman of the republican state central committee who has resigned.

Four hub caps were stolen Sunday night from the automobile of H. J. Amort of the Safeway store at 230 Broadway. 123

## GARBAGE PICK-UP COST \$1 JUNE 4

Renewal of a contract for five years between the city of Salem and the Salem Sanitary Service for disposal of the city's garbage—with an increase in the rate—was approved Monday night by the city council. The rate for house calls is increased from 85 cents to \$1 a month.

The old contract expires June 4. William Schlitt, appearing for his company, said that at the time the present contract was signed the average wage paid haulers was \$32.50 and \$35 a week and is now \$56. A rate increase of 10 cents was made in 1942, but since that time, he said, two wage increases have been made.

## Tugboat Sunk By Steamer

Port Angeles, Wash., May 21 (AP)—One man was killed and the tugboat Martha Foss sank after a collision with the Puget Sound steamer Iroquois in a dense fog near here early today.

Second Engineer Nelson H. Gillette, 51, on watch, was fatally injured at the impact and died within a few minutes. The six other crew members, including Capt. Warren Waterman, were rescued by the Iroquois and brought here. They were hospitalized for observation.

The Iroquois sounded four whistle blasts just before the collision, Purser Leonard Grater said, but he heard no reply from the Martha Foss. The tugboat, with a tow of logs, was hit amidships and stayed afloat about 15 minutes.
