

Posses Feature Rose Festival

Portland, June 6 (AP)—Portland's rose festival continued today under the rule of Queen Loyde L. crowned last night before 26,000 persons in Multnomah civic stadium.

As the queen waved her scepter to command 2,000 fellow high school students to begin their program of music, folk dancing and other attractions, rain began an intermittent, evening-long fall.

The 58th annual rose show opened today and 250 horsemen are scheduled to ride tonight in an exhibition by 10 mounted sheriffs' posses, despite threatening skies and a forecast of continued showers.

Two of the festival's major events—the parade of floats and a symphony concert—are on tomorrow's program.

More Sugar Urged For West's Loggers

Seattle, June 5 (AP)—Four steps to increase the output of timber in the Pacific northwest—ranging from a boost in the sugar ration for lumberjacks to the release of logging equipment by the armed forces—were suggested today by a housing subcommittee of Governor Wallgren's advisory commission.

The report said loggers, due to the nature of their work, required eight pounds of sugar per month and were allowed only 2.7 by the OPA.

Russian-Argentine Relations Strengthen

Moscow, June 6 (AP)—The government newspaper Izvestia announced today that the Soviet union is reacting "in a positive manner" to Argentina's desire to establish diplomatic relations with Russia.

Imminent establishment of Soviet-Argentine relations was foreshadowed yesterday when Moscow newspapers published a column-long roundup of Argentine press comment favoring the move.

Hormel, Spam King, Dies in California

Los Angeles, June 6 (AP)—George Albert Hormel, 85, an immigrant's son who rose from butcher boy to millionaire packer, died yesterday.

He founded the George A.

Hormel Packing company at Austin, Minn., in 1892, retiring as president in 1927, when he came to California, but continuing as board chairman.

Hormel, born in Buffalo, N. Y., left school at the age of 13. He became a butcher's delivery boy and worked at other jobs until, at 27, he borrowed \$500 to make a down payment on a small country meat market at Austin, the start of his large packing house chain which now employs more than 6000. He put "Spam" on the market.
