Stacyton — Stacyton volunteer firemen answered a call to a serious but not destructive fire recently, when a portion of the ring flooring in the center of the big North Santiam river bridge south of town was set ablaze by a fire in a pile of driftwood under the piling, spreading to the deck.

A section of the bridge was on fire when firemen reached the spot, and a crew of ten men worked for 30 minutes to quench the flames. I'm afraid to write my regular advertisement this week because it is so hot people may say the weather has affected my ability to concentrate or other "words" not so kind and more to the point. But I'm not really crazy I just ramble on with whatever I think about and I don't overwork myself thinking. Or did you notice that.

OH yes, I wanted to remind you people who go over to the coast or up to the mountains and live in your friends' cabins for a week-end (or fortnight) it would be an excellent idea to come in and pick up a little piece of jewelry for your hostess a nice lapel pin or something like that... after all you don't want her to think you're just a big bum, bumming your way thru the holidays—now do you?

We have spent a lot of money furnishing, equipping and otherwise creating one of the finest, cleanest most pleasant places to eat in Salem.

In addition to this we have secured a chef that really takes pride in his ability to create dishes that are "taste tested" for just the right "do" and it has been this "better taste" that has brought so many compliments from our more particular patrons.
