McDonald Clan Has Ninth Annual Reunion at Scio

Lyons—The ninth annual reunion of the McDonald clan was held August 11 at the old McDonald farm near Scio in commemoration of the coming to Oregon in October of 1846 of Nathaniel Green and Rebecca Jane McDonald and their two small children, Alex and Mary. They lived a few years on a site near where the Indian Pow-wow is now held at Oregon City.

Here Old Green, as he was often called, helped many families to ferry their covered wagone across the river into the Oregon country. He also worked for Dr. McLoughlin to construct the first flour mill in Oregon. McDonald then moved with his family to Scio community where he purchased several donation land claims from dissatisfied owners, giving a farm home to each of his seven children. Their last years were spent on the farm where the reunions are held, now the home of Kenneth and Bertha McDonald. Kenneth is the proud possessor of the grant deed signed by Abraham Lincoln.

Due to the absence of the president, Archie Long, Ralph McDonald presided at the short business meeting. Alice Huber is secretary and Allie Munsey is historian.

The oldest member present was W. A. Ewing of Scio. Youngest member was Sharon Lee Wallace. The family coming the longest distance was L. J. Munsey from Haas Washington. Visitor was John W. Long, of Rich Hill, Missouri, a brother of Norman Long who is on his first trip to Oregon in many years.

Dallas Faculty Hunting Homes

Dallas—Although the Dallas teaching staff is now almost complete, several instructors are without places to live during the coming school year, according to S. E. Whitworth, city superintendent.

Two men teachers need homes to house their families while five or six single women teachers are frantically searching for rooms and boarding places.

Coach Bob Daggett planned to move to Dallas well before the opening of school, now only a month off, to make plans for his coming 1946 high school gridiron season and arrange for early practices, but on several trips here has been unable to find a place to live.

Walter B. Nelson, who was elected as high school commercial teacher, also needs a home for his family. He will succeed Mrs. Veroka Morrison, who resigned from the faculty upon the return of her husband from the marines. Nelson comes to Dallas from Rapid City, S. D.

So great has been the demand for housing here that no type of living quarters appears to be available.

Built from Scrap—"Scrappy" the tractor, will be displayed at the state fair by Charles Borte of Silverton.

Scrappy, Mechanical Genius of Silverton Fame, at State Fair

"Scrappy" the tractor, all painted red for the Oregon State Fair at Salem in September, came into being from mere scrap iron in the mechanical hands of Charles Borte, West Hill, Silverton, who took two years "hobby" hours to do the job. The name is original with Mrs. Borte, suggested by the material from which it evolved.

The little machine is practically a personality of the Borte household, as it was assembled from all hand-sawed iron.

Featured parts are a 9-h. p. Wisconsin motor, six speeds ahead and two in reverse, with a top speed of twelve miles an hour in high. Brakes, individual turning, a drawbar on each end. The front tires are 400x8, the rear, 650x16. It has a 45-inch wheelbase and a 41 inch tread. Pulls a 12-inch plow and a four-foot disc. Approximate weight, 1250 pounds. Has all characteristics of a large, modern tractor.

She will also visit a former schoolmate, Mrs. Clair Overton (Genevieve Phillips), at Crawfordsville.

Mr. and Mrs. Varion Goin and children enjoyed a week's vacation from their farm work, visiting at Florence part of the time, and spending four days at Agate Beach. Ruth Ann Morgan of Salem accompanied them on the trip.

City Council Calls for Bids

Dallas — The city council is calling for bids on $108,000 of city sewage disposal bonds as the result of action taken Monday evening at the regular meeting of the city council. The bids on the bonds will be accepted by City Auditor Bill Blackley up to 8 p. m., September 6.

The issue is the remainder of $150,000 authorized at a special city election for the construction of a storm sewer and for the construction and maintenance of a city sewage disposal plant. Bonds totaling $42,000 were issued earlier to provide funds for the storm sewer now nearing completion.

Councilman C. B. Sundberg, chairman of the street committee, asked that the 1946 street paving program be closed without re-surfacing Church street where the storm sewer is now being laid. He stated that it would not be advisable to pave over the sewer at this time due to the possibility of its settling.

Assessment rolls on the street program will be prepared to provide for the anticipated bond issue under the Bancroft act. When the rolls are turned over to the city auditor, property owners will be advised of the cost to them and will be given the opportunity of signing bond applications which may be paid off over a period of 10 years.

Laying of pipe in the new storm sewer is expected to be completed this week and manholes are now being constructed at each street intersection.

Permission was refused the Disabled Veterans of Salem to hold a series of wrestling matches in the city ond the grounds that another local veterans organization had plans underway for a similar series of sports events.

Carl Gerlinger, Jr., was appointed to the library board to succeed the late R. R. VanOrsdel, a long-time member and chairman of the board. Gerlinger's term will expire on January 1, 1949.

The appointment of Floyd Ambrose as a city police officer was confirmed by the council and the matter of sending one or two of the local officers to a basic training police school in Eugene on September 9 to 14 was left in the hands of Councilman Walter Craven, chairman of the health and police committee.
