Stocks Resume Toboggan Slide

New York, Sept. 6 (AP)—Leading stocks shifted to the minus column in today's market although activity was the smallest of the week and liquidating pressure never really impressive. While a few thin "blue chips" dropped 6 or more points on meager transactions, losses, on the whole, ranged from fractions to 2. Extreme declines were reduced in the majority of cases at the close and a smattering of modest advances eventuated. Transfers were in the neighborhood of 1,700,000 shares.
