

You Know Some of Them—Brush College centennial anniversary, to be celebrated in Herriott park Saturday, June 7, produced this old picture of Brush College school in the 1890s. This schoolhouse, built in 1860, was replaced by a modern two-room structure in 1911. Back row, from left: Pearl Fulkerson, Mary Stanton, Edward Emmett, Ellis Purvine, Lenny McCarver and Nep Fulkerson. Second row: Ernest Smith, Wesley Loose, Arthur Emmett, Walter McGee, Jennie Smith, Lucy Southwick, Frank Stanton, Miss Jessie Cutler (teacher), Frank Roose, William Schindler, Herbert Winslow, Emil Schindler, William Wann. Front row: Elizabeth Rusko, Bessie Smith, Bertha Emmett, Elva Winslow, Parker, Marian Living, Parker, Ann Schindler, Ida Schindler, Frances Rusko, William Moffitt, Walter Winslow, Harvey Stanton and Fred Wann.

Brush College Gets Ready For Centennial Observance

By Ben Maxwell

Celebration of Brush College centennial, starting at 10 o'clock Saturday, June 7, will commemorate 100 years of history beginning when Jesse Harritt, covered wagon pioneer, arrived here December 24, 1845. When Harritt came here 102 years ago the land was denuded of grass and brush by the Indians who burned it annually to facilitate hunting. Wickiups were occupied by the aborigines who supplied Harritt with some food during his first severe winter in Oregon. Next year he produced enough to be largely self-sustaining. He married Julia F. Lewis in 1846.

Settlers in 1849 including O. C. Hosford, R. W. Hamilton, Jesse Harritt, E. T. Hasford, Frances Moffitt, Lewis Parkhurst and John Martin. In 1850 Horace Rice, Robert Godfrey, E. V. Gholsen and J. C. Chitwood had established themselves in the community. By the end of 1852 most of the desirable claims had already been taken. Mrs. Olive Norwood, daughter of Edwin Hosford and now 85, is believed to be the oldest native resident now living.

First School Opened
 In the fall of 1852 James Emmett opened the first school in his log cabin home. Next year, in the spring, a public school was opened on the Lee Gibson place about a mile and a half from the present school. Malinda Hosford was the first teacher there and the Bible served as the one and only textbook. Present site of Brush College school is a part of the O. C. Hosford donation land claim and was donated for public usage by David Prettyman. A schoolhouse, 24 by 30 feet was erected in 1860 by donated labor and with lumber hauled from the sawmill at Eola. M. Williams was the first teacher, followed by Joseph Sellwood in 1866, "Doc" Hudson in 1874, Ollie Walt, Eva Lee in 1886 and Ella Sykes in 1892. This old schoolhouse was torn down

Silverton Will 'Up' Salaries

Silverton—A few minor details in finance for the city of Silverton, mostly by way of comparison of the 1946-47 with the 1947-48 budgets, come to light on closer study of the "yellow" sheet presented to each member and reporters through courtesy of those in charge.

Entire estimated expenditures not counting reserves for use after June 30, 1948, are \$80,891.98, the reserves are \$58,225.52.

Salaries of all city employees—excepting the city manager—are to be upped ten per cent for the coming year.

Robert Borland, city manager definitely refused the ten per cent raise, but accepted an eight per cent increase over his salary of the past year.

Out of the raise in general road funds of \$8,343, making a total of \$15,070, some of the em-

ployees are to be on the water wagon, as a new street flusher is to be bought. Others are pleased to know that a new tar bucket will swing the hot tar for smoothing the rough places in the streets. Street improvements throughout the town, badly needed, will absorb the remainder of the funds.

Total estimated expenditures were upped \$17,663.70 over those of the immediate past year. Receipt increases over the past year are quoted at \$17,553.

The seeing eye of Silverton will be aided by the installation of mercury vapor units in the downtown section, the main cause of an up of \$2,980 in the lighting costs over that of last year. This includes one-half the cost of a total \$5,000 project. Better general service is promised. Public hearing on the budget will be Monday, July 7.

During World War II, non-military uses of rubber in the United States were cut from 600,000 tons to less than one-quarter of that total.

Man Had Brick in His Stomach for 10 Years

One man recently stated that for 10 years he felt like he had a brick in his stomach. This feeling was due to the lump of undigested food he always had inside of him. He was weak, worn out, headachy, swollen with gas and terribly constipated. Recently he started taking INNER-AID and says the feeling like a brick in his stomach disappeared the second day. Bowels are regular now, gas and headaches are gone and he feels like a new man.

INNER-AID contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all drug stores.—Advertisement.

Dallas Seeks Royal Ruler

Dallas—Latest addition to the many events planned for the Polk County Centennial in Dallas on July 25, 26 and 27 is the queen contest to find a royal ruler for the observance.

Bill Dalton and Don Wernli are co-chairmen of the contest which will be open to all county communities. Eight communities have already been asked to select candidates through service organizations—Monmouth, Independence, Rickreall, Perrydale, Falls City, Valselt, West Salem and Dallas. Method of selection is left to the discretion of the sponsor.
