

## Suit Filed on Demo Election

Portland, Sept. 22 (AP)—State Democratic National Committee member Lew Wallace and seven other party members have filed suit in circuit court contesting the May 17 election of officers for the democratic state central committee.

The complaint asserts the meeting lacked a quorum and rejected valid proxy ballots. The court is asked to nullify the election, declare previous officers to be in office and direct a new election.

Byron G. Carney, Milwaukee, was elected state chairman in the May 17 balloting that barred proxies held by Wallace.

## Harry Carey, Old Time Actor, Dies

Hollywood, Sept. 22 (U.P.)—Harry Carey, 69, one of the few remaining two-gun, steely-eyed movie cowboys who never strummed a guitar or kissed a lady, died from a heart condition yesterday.

Carey rolled his own cigarettes in scores of westerns, cut thousands of notches on his trusty six-shooters, and always looked the villain square in the eye.

He succumbed at his Brentwood home after several months' illness.

He was hospitalized September 10 to 14 from a black widow spider bite, but the hospital said the insect's venom did not contribute to his death.

The Alaskan herd of fur seals is estimated to be worth about \$100,000,000.

**Hurricane Piles Boats, Rubbish Along Biloxi Waterfront**—Boats and rubbish are piled in a tangle along the waterfront at Biloxi, Miss., mute evidence of the fury of the hurricane which swept over the area after first ripping across southern Florida. (AP Wirephoto)

## N. E. Drapela to Attend Army School

Now wearing the uniform of the U. S. army is Norman E. Drapela, son of Louis Drapela, route 9, box 398, Salem, who according to word received by the local army recruiting office has been accepted for duty with the U. S. Army air forces. Drapela, a Salem high school graduate, was one of those men who took advantage of the "school of your choice" plan that the army has for high school graduates choosing the school that he

wanted prior to his enlistment. His choice was technical training in radio repair and operation and following his basic training at McChord field he will be sent to Scott Field, Ill., to complete his technical training.

**Man Killed in Crash**  
Roseburg, Sept. 22 (U.P.)—Lester Leland Munsil, 44, Roseburg, was killed north of here yesterday when the automobile he was driving crashed into a Southern Pacific freight train at a Pacific highway crossing.

## Disloyalty Cases To Be Reviewed

Washington, Sept. 22 (U.P.)—Civil service commission officials said today they hope to complete within two weeks the panel of 15 persons who will hear appeals of government workers accused of disloyalty.

Under President Truman's loyalty program, special boards of at least three judges will be the last court of appeals for employees who are ordered dismissed for disloyalty.

Civil Service Commissioner Arthur Flemming said the commission was using "meticulous care" in choosing the panel because of the importance of its

work. By naming a 15-member panel of judges, he said, the commission seeks to avoid giving any one person too heavy a burden.

## U. S. Agriculture Doubles in Value

Chicago, Sept. 22 (U.P.)—Norman J. Wall, of the bureau of agricultural economics, Washington, reported today U. S. agriculture now is worth more than \$111,000,000,000, a little more than twice the 1940 figure of \$55,000,000,000.

In an address prepared for a conference of the national agriculture credit committee, Wall

Capital Journal, Salem, Oregon, Monday, Sept. 22, 1947—3 said agriculture during 1946 showed improvement "all along the line with the single exception of its debt, which became larger." The committee is composed of representatives of banking, insurance, farm organizations and the federal government. "But the debt increase was easily offset by the higher valuations of assets," added Wall, who is head of the bureau's division of finance.
