

# Sewer Plan Up To City Council

A detailed long range sewer development program for Salem will be presented to the city council tonight by City Manager J. L. Franzen. The report will cover proposed sewer lines, the sewage disposal plans and an outline of a financing program to cover the cost of the work over a long time period.

One bid for parking meters, submitted by Park-O-Meter corporation for approximately 1000 automatic meters, will be before the council for action.

Recommendation for a score or more street name changes approved by the Salem zoning and planning commission is also on the agenda of the meeting.

# Quartette Billed For Shrine Dinner

A quartette from the Al Kader temple chanters will be on the program of the opening dinner meeting of the Salem Shrine club Friday night at the Marlon hotel.

The appearance of this unit of the Chanters will serve as a prelude to a concert to be given by the Al Kader Chanters and band at the Salem Senior high school November 15, under the auspices of the Salem Shrine club.

Other entertainment features will follow a dinner which is scheduled to begin at 6 p.m. on Friday. All Shriners in the Salem area have been invited to attend the stag affair by T. M. Medford, president of the club.

# RCAF Veterans Are Eligible for Bonus

American fliers who served with the Royal Canadian Air Force during World War II are now eligible for a Canadian government bonus, according to announcement by the fourth Air Force headquarters.

In order to receive the bonus, qualified persons residing in Oregon should communicate with the public information officer of the Fourth Air Force at Hamilton field, Calif. In doing so they should send their name, address, rank and serial number and those who later transferred to the U. S. army air force should also include the rank and serial number under which they served in the latter forces.

# Boy Has Narrow Escape in Pond

Lebanon, Ore., Sept. 22—Jimmy Houston, 4-year-old son of Mr. and Mrs. Roy Houston, was practically in a normal condition today following a narrow escape from death Friday when he fell in a log pond. He was rescued from the mud at the bottom of the pond by Lewis Fenner after he had been under water several minutes. He was revived by the Lebanon fire department emergency squad which used resuscitating equipment and worked over the boy two hours.

Jimmy and a younger brother, Michael, had been ready to accompany their mother on a shopping tour when they wandered through a block to the Lebanon Lumber yard, entered through a gate used by trucks as the rest of the property is fenced. Mrs. Joseph Bennis, liv-

# Attack Begun On High Prices

(By the United Press)  
The government launched a direct multi-pronged attack on high food prices today as the nation watched its big grain markets to see if the general decline in prices would extend into the new week.

If prices continue to fall on the livestock, grain and commodity exchanges as they did last week, retail prices may be expected to follow within a week or so.

Butter and eggs already were selling cheaper in many sections. Some prices apparently were pushed downward by buyer resistance, including organized threats of buyers' strikes.

President Truman, back from his South American diplomatic tour, began a series of conferences with top cabinet officials to determine how to increase aid to Europe and at the same time stabilize prices at home. Simultaneously, justice depart-

ment officials at Chicago began selecting 45 venemen for a grand jury investigation of meat prices. The investigation may be extended to milk prices later.

# Salem Youth Held In Fresno Jail

Fresno, Calif., Sept. 22 (AP)—A Salem, Ore., juvenile was held for the juvenile section of federal court here on a charge of transporting a stolen automobile from Salem to Porterville, Calif., U. S. Marshal Joseph B. Tracey reported today.

Also held in the Fresno jail in lieu of \$1000 are four others from the Salem area. They are to be witnesses.

**By all means, Yes! Save Used Fats!**

says MYRNA JOHNSTON,  
Food Editor of  
Better Homes and Gardens

If you're wondering if you should still save used fats, here's your answer. Clinton P. Anderson, Secretary of Agriculture, says: "It is still necessary to conserve every pound of used fat, since the over-all fat supply situation is little better now than it was last year." You see, almost everything we use requires industrial fats or their products. There just aren't enough fats in the world to go around, so every pound of used cooking fats we American women turn in is a real help! Let's keep up the good work till the world-wide shortage is over!
