

## Protest Change Of Street Names

Opposition of long established street names was voiced before the city council by residents who jammed the small city council chambers to overflowing Monday night.

Numerous petitions were filed voicing protest against the changes, recommended by the Salem zoning and planning commission. Only one petition supported a proposed change, this being the conversion of High street into Broadway.

Principal objection came to the suggested changes in the names of Evergreen avenue to Duncan street—protestants saying that "why not change Duncan avenue to Evergreen—and the change of names of East and West Nob Hill streets. Councilman Howard Maple led the fight against these changes and was supported by a large group of residents.

The city attorney was instructed to prepare ordinances for the street name changes to be considered at the next meeting of the city council when it was inferred that objectionable changes will be shelved.
