

East Salem Girl Scouts Are Given Certificates

East Salem, Dec. 4.—One of the two active Girl Scout groups of East Salem is the large troop of Four Corners girls. On Tuesday afternoon investiture services were held and pins given to the following girls: Roberta Amundson, Marilyn Snook, Barbara Snook, Mary Grace Harger and Audrey Miller. Two members were taken into patrol I, Joyce Hutchens and Carol Jean Hoffman, and Delores Eggleston became a member of patrol II. There are 10 fields in girl scoutwork, a 10-point objective and members must have a point from each field before they receive their badge.

The following girls have received their points in eight of the fields. For sports and games, Joyce Brown, Joan Grimm, Janice Kleen, Carolyn Meyer, Roberta Amundson, Audrey Miller, Gretta Ann Schreengost, Val Jean Gossnell, Wanda Mayden, Mary Grace Harger and Carol Hoffman. Receiving their points in the musical and dancing field are Gretta Ann Schreengost, Van Jean Gossnell, Wanda Mayden and Mary Grace Harger; for arts and crafts, Carol Hoffman, Mary Grace Harger, Wanda Mayden, Joyce Brown, Joan Grimm, Janice Kleen, Val Jean Gossnell, Gretta Ann Schreengost, Audrey Miller, Roberta Amundson, Carolyn Meyer, Marilyn Snook, Barbara Snook, Margaret Baker, Geraldine Bales, Mary Grace Harger and Delores Eggleston; for community life, Joyce Brown, Carolyn Meyer, Audrey Miller, Gretta Ann Schreengost, Val Jean Gossnell, Wanda Mayden and Mary Grace Harger; for cooking and homemaking, Joan Grimm, Lorna Strawn, Wanda Mayden and Mary Grace Harger; for literature and dramatics, Gretta Ann Schreengost, Margaret Baker and Mary Grace Harger; and Mary Grace Harger also has her points for nature and health.

Mrs. G. H. Wing is scout leader for the girls and Mrs. John Harger is her assistant. Following the meeting Mrs. Harger took the girls for some active community work, the placing of posters for the sale of the Christmas seals in many of the stores in North Salem. Each group had been given a number of stores in which to place the posters. The girls are planning a Christmas party for the afternoon of the 18th.

At the meeting held at Middle Grove school house Monday night to consider the offer made by George Hardy of ground upon which to build a local club house there were representatives from each of the community organizations, and after a general discussion Ted Kuenzi, John Van Laanen and Gordon Wyatt were named as a committee to make the investigation necessary as to just what legal proceedings would be necessary to start the project and what preliminary plans could be made. There will be another meeting at the schoolhouse the night of December 15 to hear the report of the committee.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germs laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

Mother, Son Found Slain

North Hollywood, Calif., Dec. 4 (AP)—A mother and her 10-months-old son, principals in a broken marriage and a custody dispute, lay dead today.

The body of little Neil Ellis Wartnik, born last January 24, was found in bed yesterday in the blood-spattered nine-room Wartnik home in the exclusive Toluca Lake district. Thirty miles away attendants of a Hermosa Beach hotel found the body of his mother, Mrs. Lena Mae Wartnik, 30, a former model.

The estranged husband and father, Sam H. Wartnik, 45, sportswear manufacturer, was in San Francisco and today is believed en route here. The Wartniks were married in Las Vegas, Nev., May 19, 1948, separated last November 9 and he filed a divorce suit November 24, alleging that Mrs. Wartnik drank to excess.

Wartnik had obtained an order on Mrs. Wartnik to appear tomorrow in superior court to show cause why he should not be given custody of the child. In an accompanying affidavit he alleged that his wife threatened him and threatened suicide herself at various times.

Detective Lt. Edward W. Smith said there were no cuts on the child's body and he may have been smothered or strangled. Police Chief Jack Harlow of Hermosa Beach said there were superficial cuts on Mrs. Wartnik's wrists and body and that he had found an empty pill box and bottle in the hotel room closet. Autopsies were ordered.

Pilot Killed
Vancouver, Wash., Dec. 4 (AP)—A two-place plane crashed last night near the Evergreen airport nine miles east of here, killing the pilot, Charles Warren Edejen, 26, the only occupant. Edejen, married veteran living on route 5, Vancouver, was taking flight training under the GI bill of rights.

Walt Rebukes High Bureau

Washington, Dec. 4 (AP)—Rep. Walter Norblad (R-Ore.) took the state department to task today for approving recent trade agreements which lower the tariff on certain edible nuts.

He said he intended to carry his protest to President Truman before the executive acts on the agreements. He admitted, however, he was not optimistic Mr. Truman would reverse the departments.

"The action of the department," Norblad said in a statement, "will severely cripple our American growers and as a result many of them in the near future will be forced out of business."

Norblad said he was unable to understand the department's action in "injuring an important segment of our agriculture economy when there must have been full realization of the dire consequences."

The Oregonian said the 50 percent reduction in tariff on shell-nuts was the only schedule that directly affects the Pacific northwest.

KEN-L-RATION First in Canned Dog Food

You want more than a "grease job" — don't you?

That's why I turn quintuplets when I take care of your car

I become an **ENGINEER**
Cause in Shelllubrication I follow a factory-approved chart of your car—just like a blueprint and specification sheet. And use 14 special lubricants and 15 different kinds of equipment

...and a **DETECTIVE**
Many of the "service spots" in your car are hidden. Lubricating just those you can see is only half a job. My job is to find and take care of every point that rubs, squeaks or wears

...and a **DOCTOR**
An M.D.'s checkup tells you what to watch out for. That's part of my job also... to warn you before troubles happen

...and a **CARETAKER**
I empty ash trays... wash windows... vacuum or sweep the inside, wipe off the outside of your car. I check tires, lights, battery and radiator. Do a dozen extra services—but at no extra cost

...finally an **AUDITOR**
With Shelllubrication, you get a "picture-chart" receipt showing exactly what's been done for your car—point by point. So you can be sure everything has been cared for

All because **SHELLUBRICATION** is my business!
