Stocks Advance To High Levels

stock market rallied again toding of the past two years. Gains of fractions to more

than 2 points were numerous as the highest average level since last July 25 was reached. Selling of shares to cash in

on recent price advances depressed both rails and oils at times. Some of the carriers came back to life in the final hour, however, and moderate improvement occurred else-where in the list.

Total sales for the entire session ran to around 2,300,000

Holding advances, some at new highs for the year or long-er, were such issues as Union Pacific, Chesapeake & Ohlo, Denver & Rio Grande, American Can, Dow Chemical, Owens Hilmois, J. I. Case, Youngstown Sheet, International Paper and Johns-Manville.

Lower were Warren Petro-

leum, Superior Oil of Calif., Gulf Oil, and United Aircraft.
