Oregon Chest, Inc., the state organization of Community Chest heard reports of the past activities of the organization and looked to the future at its sixth annual meeting in session at the Senator hotel today.

Sullivan May Quit Cabinet

Washington, April 25 (AP)—John L. Sullivan's decision whether to resign as secretary of the navy appeared today to rest with President Truman.

Sullivan's intimates indicated he would seek a heart-to-heart talk with the chief executive on the navy's future role in defense strategy as the aftermath of work stoppage on the 65,000-ton super aircraft carrier "United States."

Sullivan himself said only that he had no comment on the decision pending study of Secretary of Defense Johnson's order Saturday discontinuing work on the \$189,000,000 vessel.

He is known to hold grave doubts whether he can stay on at his post in view of his differences with Johnson and security policies.

Top White House aides expressed the view that the knocking out of the carrier was "the straw that broke the camel's back" so far as Sullivan is concerned.

He had already been reported to have felt aggrieved by what he considered lack of consultation with him in the drafting of amendments to the armed services unification act.

At the same time, his friends say that he still feels loyal to President Truman and doesn't want to leave government service unless his position in the navy is too untenable to permit him to stay on. He came into the government in 1939 when Britain and France declared war on Germany.

Seven Woodburn Escapees at Large

Seven of eleven boys in the 17-18 year old group are still being sought by state police throughout the state following a general exodus of the boys from the state school at Woodburn Sunday night. While 13 were reported missing, the state police were only given names of eleven.

The four captured boys were nabbed by city police at Hood River and are said to have been traveling in a stolen automobile. Police named them as Gilbert James Kerns, John Philip Hedrick, James Robert Jones and Robert Frank Tucker.

The boys were not confined behind bars and simply disappeared from the school, state police state.

Woodburn School District Sets Hearing Upon Budget

Woodburn—The public hearing on the proposed \$202,900 Woodburn school budget for 1949-50 will be held Wednesday night at 8 o'clock in the Lincoln school building. On the following day, April 28, registered voters of the district will vote from 2 to 7 o'clock on authorization of a tax in excess of the six per cent limitation.

Items in the 1949-50 budget may be discussed in detail with the board and budget committee at the public hearing Wednesday evening. However, since the Woodburn district is now a first class district, no vote will be taken on the adoption of the budget, nor can any items be added to, eliminated from or changed in the budget. The school board of a district of the first class has the power to levy a tax once each year upon all real and personal property in such district for the maintenance, operation and support of the public schools of the area.

The budget as submitted will require a tax levy totaling \$129,450. Of this amount \$21,496.65 falls within the six per cent limitation, but \$107,953 of the proposed levy is outside the legal limit and must be authorized by a vote of the district residents which will be held from 2 to 7 o'clock, Thursday night, at the Lincoln school.

Since the property qualification from voters in school elections was removed by the constitutional amendment approved by the people last fall, many more residents of the Woodburn school district will be eligible to vote on the question of exceeding the six per cent limit.

Bearcats Await Pioneers After Defeating Wolves

Willamette university's baseball squad will engage Lewis and Clark of Portland on the Bush Pasture diamond at 3 o'clock Tuesday afternoon. The game will be the third Northwest conference affair for the Bearcats, who divided a doubleheader with Linfield last week.

Coach Johnny Lewis plans to use Lou Scrivens against the Pioneers. The balance of the pitching staff has had difficulty in getting into a winning stride. The "Cats" decided the OSC Wolves at Monmouth Saturday, 11 to 9 with Howard Olson getting credit for the win after he had relieved Larry Stocks at the start of the sixth. Stocks walked the first four men to face him and issued eight passes before being relieved.

Scrivens, Bruce Barker, George Matile, and Gordy Lenz each collected two hits.

Truman Health Bill in Congress

Washington, April 25 (AP)—Administration democrats introduced legislation in the senate and house today to carry out President Truman's \$6,000,000,000 national health insurance program.

The bill, sponsored by eight senators and two house members, called for a compulsory prepaid insurance plan to provide medical, surgical, dental and hospital care for 85 percent of the American people.

It would be financed by an additional three percent payroll tax, split between employers and employees, comparable taxes on the self-employed, and a \$1,500,000,000 annual appropriation from the treasury.

The payroll tax would be on the first \$4800 of annual income. The bill followed precisely the line laid down last week by President Truman and other administration spokesmen.

Its sponsors said in an accompanying statement that payment for medical service should be "in proportion to income" and that the American people should get health care "as a right and not as charity."

The administration bill, which is given only a very slim chance of getting through congress, would provide, in addition to health insurance, federal grants to states for hospital construction, medical education, local health service, and maternal and child health care.

Amity Boy Scouts Assist Clean-up

Amity—The Amity Boy Scout troop are to co-operate with Governor Douglas McKay for Clean-up week beginning April 24 to 30 inclusive. The troop will pick up any refuse within the city limits, placed in sacks or boxes, left in front of homes before 6 p.m., April 29. The troop is donating its efforts to assist in this project to make the city stand out above all in cleanliness.

Fery Building House For Stayton Rental

Stayton—Andrew Fery is planning to build a four-room house, 26 by 26 feet, on a lot at the corner of Fourth and Burnett streets. He plans to use shake siding and a roof of composition shingles. It will be a hillside house with a garage and large room under the level of living quarters. He plans the house as a rental. He will be assisted in construction of the building by his son, Fred Fery.
