'Fast Time' Up to State Agencies

Attorney General George Neuner gave the opinion today that it is up to the state liquor control commission and other state agencies whether or not they observe daylight saving time in Portland and other communities which have adopted the "fast time."

The opinion had been requested by member of the state board of control, whose members are the governor, the state treasurer and the secretary of state. Stocks Advance Irregularly

New York, April 26 P.— Buying interest in stocks piled up a bit today but the demand lacked any real vigor.

The market closed with a ma-jority of gains running from fractions to around a point. Numerous issues, at the same time, either remained at Monday's closing levels or even backed down a trifle.

Turnover was at the rate of around 900,000 shares for the full day.

Chrysler Corp.

Coryster Corp. advanced more than a point at one time but later fell back.

Marked up were U.S. Steel, General Motors, Goodyear, Douglas Aircraft, Consolidated Edison, American Tobacco, Standard Oil (N.J.), and Twentieth Century Fox.

Standard Oil (N.J.), and I wen-tieth Century-Fox.

Commonwealth & Southern reached a new high for 1949 at one time but the advance was

Inter trimmed.
Holding back were Sears,
