

Barber Threatens Injunction If Council Passes Ordinance

A. W. Peterson, a Salem barber, told the city council Monday night that if the bill to fix working hours for barber shops passes the council he will bring an injunction suit against it.

"I don't want to work longer hours than anyone else," he said, "but I don't want anyone telling me how to run my business."

The bill, on motion of Alderman Armstrong, was tabled for two weeks.

Joe Madison of the OK shop told the council that 98 per cent of the barbers had signed the petition for the bill. The supporting barbers also said they thought 10 hours was long enough to work and they feared a tendency to get back to the non-regulation of old days when shops remained open until 10 or 11 o'clock at night.

The bill would fix the opening time at 8 a.m. and closing at 6 p.m., with no work on Sundays and holidays. The bill would charge a license fee of \$5 to owners and journeymen alike. As originally introduced the fee was \$1, but City Attorney Chris J. Kowitz said this wouldn't pay the cost of collection.

Ordinance bills passed by the council were:

Re-establishing the sidewalk line on the west side of Laurel avenue between Academy street and the south line of Lot 10, Block 3, Platt's addition. A bill correcting the city initiative and referendum ordinance. Bill prohibiting the discharge of water, oil, etc., upon sidewalks and parking strips adjacent to service stations and other places.

The only bill for first reading proposed a zone change from Class I residential to Class III-X, on application of the Portland General Electric company in Block 35, North Salem addition, where the company intends to build a sub-station.

Several persons who had joined in the petition for the change requested withdrawal of their names.

Street improvement petitions signed by enough property owners to make or exceed the required 50 per cent were as follows, and the engineer was instructed to prepare the plans:

Hines from 14th to 13th; Alice avenue from South Commercial to Mountainview drive; 15th from Lee to Waller; Myrtle from Pine to Hickory; Mountainview drive from Hansen to Candalaria boulevard; Madison from Cottage to Winter.

A petition for the improvement of Madison from Church to Cottage was insufficient.

Resolutions were adopted declaring intentions to improve the following streets:

North 22nd from D street to Nebraska; West Nob Hill from Hoyt to Fawk; Argyle drive from Hansen to Candalaria boulevard; North 22nd from Breyman to the south terminus of 22nd; Hickory from Valpak to Brooks; alley in Block 10, North Salem addition; alley in

aldermen of the wards where located.

The council voted a motion by Gille for a woven wire barricade on South 18th street where it enters Shelton ditch, for the protection of children.

The Oregon Pulp & Paper company will be notified of a similar situation on South 17th at the millrace.
