

China Situation—The U. S. navy has moved its heavy ships out of Shanghai to avoid involvement in China's civil war. Movement of ships into Yangtze estuary (A) will put them out of artillery range when Reds arrive in world's fourth largest city. It is anybody's guess whether communists (shaded arrow) would strike first to seal off Nationalist escape route by taking Hangchow (B), or hit for Shanghai itself, where Reds (black arrow) were reported to have infiltrated to city's outskirts after taking Wushih. Klamath Lake Resort Burns

Klamath Falls, April 28 (AP)—Fire this morning destroyed Lakeshore Inn, night club on the shore of upper Klamath lake five miles north of Klamath Falls.

Mrs. Ida Duke, operator of the Inn, was removed from an upstairs window when she became unconscious, apparently overcome by smoke, as she attempted to escape from the burning building.

The fire started in a corner of the kitchen of the rambling frame building, for a quarter of a century one of the best-known pleasure spots in the Klamath area.

Low Taylor of Klamath Falls is owner of the property. Damage was estimated at from \$40,000 to \$50,000, partially covered by insurance.

The white building was located in a grove of tall Ponderosa pines on the West Side state highway.

No Inquiry into Halt on Carrier

Washington, April 28 (AP)—The senate armed services committee today decided against making any inquiry now into the halting of work on the navy's super aircraft carrier and the protest resignation of Navy Secretary Sullivan.

Chairman Tydings (D., Md.) told reporters the decision was unanimous and stands for the "time being" at least. He added that it came after "some discussion" at a closed meeting called to work out final details of legislation to tighten unification of the armed services.

As part of the new law, Tydings said the committee agreed to put in a clause prohibiting the transfer of personnel from one service to another.

This is aimed, he explained, at ending fears that the marines might be eliminated or that the navy's air arm might be shifted to the air force.

Sullivan had expressed apprehension that the marines might be abolished when he stepped down as navy chief earlier this week in protest against the junking of plans for the big carrier.

Both President Truman and Secretary of Defense Johnson, however, said earlier today that such fears are groundless.

Death Bed Note On Field's Son

Los Angeles, April 28 (AP)—A Follies girl's "voice from the grave" today accented a man's claim that he is the son of the late W. C. Fields and entitled to a share of the comedian's \$771,428 estate.

On file in superior court are a deathbed letter written by the showgirl and also letters allegedly written by Fields.

The letters are part of a deposition filed in probate court yesterday in behalf of William Rexford Fields Morris, who claims to be Fields' son. His whereabouts and occupation were not disclosed.

A petition accompanying the deposition said statements in it were made April 16 at Onset, Mass., by Bessie Adelaide Withersell, mother of the Follies girl, Bessie Chatterton Polle.

Morris filed a petition in superior court here last February 3 to determine heirship in the many-sided contest over the estate of Fields, who died Christmas day, 1946. Morris was not mentioned in Fields' will, dated April 28, 1943.

The comedian's long-estranged wife, Mrs. Harriet V. Fields, who was bequeathed \$10,000, is suing for a widow's share in gifts made by Fields.

Mrs. Withersell's deposition said her daughter, who died October 8, 1928, was in the Ziegfeld Follies in 1918 or 1919 and that she was infatuated with Fields, and appeared with him in vaudeville acts.
