Court Ends Union Row Over \$130,000

Vancouver, B.C., May 3 (AP)—The battle over union funds between the International Woodworkers of America (CIO) and the rebel Woodworkers Industrial Union of Canada took a surprising turn today when a check for \$130,000 was handed

to a British Columbia supreme court receiver.

Payment of the money, which belonged to the IWA strike fund, paved the way to freeing Ernie Dalskog from Oakalla prison where he was jailed April 8 on a contempt of court charge. He refused to comply with a writ of attachment order.

The term "midshipman" was first applied to boys who carried orders between officers in the after castle and sailors in the fore-castle and hence were often amidships. It is now applied to U.S. Naval Academy students.
