

**Gather for Execution** — Hundreds of Chinese gather on Chengtu road, in the Nantao section of Shanghai, to witness the execution of Chinese accused of subversive activities by the Shanghai garrison command. Here the body of Siao Chang-keng, chief of the "razor clique," is loaded into a hearse following his execution. Seventeen Chinese were executed in three days. (AP Wirephoto)

### Says Pole Sent As Bomb Spy

Washington, May 11 (AP)—The former military attache of the Polish embassy here testified today that a Polish representative to the United Nations was sent to this country "to do espionage in the atomic bomb field."

He called the Polish embassy "the center of a spying apparatus and subversive activities directed against the United States."

The statements were made to a senate judiciary subcommittee by Gen. Izydor Modelski. He said he came to the United States to "try to expose" what he called a network of communist activity here and has been working closely with army intelligence.

The subcommittee is conducting hearings on a bill by Senator McCarran, Democrat of Nevada, to tighten America's immigration defenses.

Modelski identified Ignacy Zlotowski as the Polish United Nations representative he said had been sent to this country to carry on espionage in the atomic bomb field.

Modelski said that during the war, Zlotowski was in France "with Curie Joliot, head of the French atomic commission and a prominent member of the French communist party."

Modelski said that after the collapse of France, Zlotowski came to this country to become a professor, and worked here as a scientist for four years.

"Zlotowski was a prominent communist and I have heard that he was a great scientist," Modelski went on.

Modelski said Zlotowski again went to Poland about 1948, and then the witness added: "It was the job of Zlotowski, whose real name was either Goldberg or Goldman, to do espionage in the atomic bomb field because he was a physical scientist and specialist in this field."

### Naval Officers To Visit Salem

Eleven officers of the 13th Naval Reserve district will be in Salem Thursday for the annual inspection of the local naval reserve surface unit, the first to be held since the unit moved into its new training center.

The inspection is set to begin at 7:30 p. m. and will include inspection of the personnel, material and the cleanliness and orderliness of the new building. Prior to the inspection the visiting officers and officers of the local reserve unit will be guests at a dinner to be given at the Senator hotel at 5:45 p. m.

Here for the inspection will be Capt. G. F. Galpin, USN, new director of naval reserves for the 13th naval district; Capt. John G. Farnsworth, USNR, assistant director of the naval reserve for this district; Comdr.

### Guernsey Men Ready for Show

Marion and Polk county Guernsey breeders have completed plans for the annual spring show at the State Fair grounds in Salem on Saturday, May 21. All Oregon adult and junior Guernsey breeders with Purebreds are eligible and invited to come to the show.

Animals may be brought in on Friday evening, May 20, and a watchman will see that they are all right that night. Showing of the 4-H and F.F.A. heifers will start at 9 a. m. in a combine show. As many open class heifers as possible will also be shown in the morning. Lunch will be served at noon by the Rickey Gordon club. First, second and third place junior animals may show in the open class.

Cattle tested for TB and Bangs before March 31, should be tested again to make sure they are negative. Bring your test report and registration paper along except on animals too young or in transfer.

### Health Talks Heard By Club Membership

North Spring Valley — The meeting of North Spring Valley 4-H Health club was held at the school house under the direction of the leader, Mrs. John Dorcas, with Harold Waldron, president, presiding.

## First of the High-Compression Engines of the Future OLDSMOBILE'S "ROCKET" GETS MORE POWER, MORE MILEAGE...FROM TODAY'S GASOLINE!

**"88"** LOWEST PRICED CAR WITH "ROCKET" ENGINE  
Hydra-Matic Drive standard equipment on Series "88" and "88" models. optional extra cost on "76." White sidewall tires optional at extra cost.

Power! Completely new, high-compression power! Power that sets this "88" Oldsmobile apart from every other car! That's the "New Thrill" action of the "Rocket"—Oldsmobile's ultra-advanced new engine that takes fullest advantage of today's fuels! It gets more exciting energy from less gas by using the Futuramic principle of high-compression. And the revolutionary thinking behind the "Rocket" makes possible magical smoothness and quietness!

To point up this brand new kind of performance, Oldsmobile built a brand new kind of car—the Futuramic "88"! The "88's" compact new Body by Fisher accentuates that "Rocket" Engine flash and dash! The "88" has Futuramic styling! And, in the "88," Hydra-Matic Drive\* teams up with the "Rocket" to give you extra gas economy and greater driving ease! You've got to try it to believe it! ("Rocket" Engine, and Hydra-Matic Drive as standard equipment, are also featured in the Series "98" Oldsmobile.
