Boss Hague No Longer 'the Law'

Jersey City, N. J., May 11 (AP)—Frank Hague no longer is "the law" in Jersey City.

One of the last of the big city political bosses, Hague lost control of the city commission yesterday as fusion forces smashed to victory in the municipal election.

The fusionists were led by John V. Kenny, one time trusted Hague lieutenant who was ousted as a ward leader by the democratic chieftain last year.

Kenny had termed the election "a rebellion against the most corrupt political machine in the history of the United States."

Hague's only comment on the outcome of the election was a 12-word statement issued this morning. "The people wanted it that way," he said, "so it's all right with me."

The stunning victory set off a series of wild celebrations and dancing in the streets throughout this city of 301,000 persons.

Lawrence Allen Test Official

Dairy herd improvement testing gained impetus in Marion county in April with the addition of Lawrence Allen as the third supervisor.

The expansion will make testing service available to nearly every dairyman who wishes to keep production records on his herd, says Ben A. Newell, county extension agent.

Leonard Chinn, who supervises testing in the central part of the county, reports the April average butterfat for his herds at 31.6 pounds per cow. Among the high cows were Judy, Tootsy and Ruby from Buford Brown's herd at Gervais, with 83.5, 71.4 and 70.3 pounds of fat respectively for the 30 day period. George Kruse of Mt. Angel had a Holstein make 80.6 pounds of fat and Floyd Bates, Salem, and Duda Brothers, Mt. Angel, each had 72 pound cows.

Three hundred five day records of five hundred pounds of fat were reported for Dutches, a registered Jersey, 5 years old, in the Floyd Bates herd at 551.3 pounds; Iris, a seven year old Jersey in Phillips and Torvend herd of Silverton at 513.4 pounds; and Darling, a 4 year old, registered Guernsey at W. H. Brandt's at Silverton with 504.7 pounds.

New Highway Market Rising at Woodburn

Aurora—Opening of a second Hi-Way Market, twice as large as the one at Canby, is in the offing for Woodburn, with J. M. Harp and John Vigus, founders of the Canby food store, as owners.

Now under construction adjoining the new bank building at the US 99E-Silverton highway junction at Woodburn is the \$55,000 building owned by the Canby business men. Opening of the store is planned for sometime in June, with a \$25,000 stock of merchandise.

Six contractors are busy on the food store at the present time. Modern refrigeration for produce and meat is to be installed together with a walk-in cooler with special compartments for dairy products, meats, vegetables and bottled goods.

Parking areas are being provided on all four sides of the building, which will contain 6,000 square feet of floor space.

Vigus will be manager of the Woodburn store, with Harp serving as manager of the Canby store.

Half Million Dollar Budget Given Albany

Albany — Voters of Albany school district No. 5 will be asked to approve a tax levy of \$237,655.52 in excess of the legal 6 percent increase limitation at the school election of June 20, it was stated after the amount to be voted had been determined by the board after it had approved the budget at a special meeting.

The new budget calls for total expenditures of \$571,290 exclusive of building costs, offset by \$219,600 in estimated receipts, leaving \$351,690 to be raised by taxation but an additional \$26,000 has been added to cover estimated tax delinquencies, which brings the total levy to \$377,690.

The board can levy but \$140,034.48 without approval of a majority of the voters.

The proposed levy includes both operation costs and debt service, which totals \$25,175. The district's total debt is recorded as \$699,000.

Old Tires Used As Down Payment

In one of the most exciting announcements ever made in the tire industry, all Western Auto Stores have just revealed that they are embarking on a phenomenal tire buying and trading program. Included are plans to let customers use their old tires as down payments*, make their own estimate for trade-in allowance and trade in any old tire with unused mileage.

No Cash Needed At Western's

In conjunction with their "New Tire Policy", officials have also announced that there is no need for a customer to have cash when he buys tires at one of their stores. Customers may use their old tires on a trade-in which will serve as a down payment*. It is thought that this "New Tire Policy" will set a precedent for the entire tire industry.

Customers Name Own Price At Western's

Another part of this sensational "New Tire Policy" enables customers to make their own estimates on the value of their old tires.

It has been revealed that the stores will allow customers to take an Estimate Blank, fill it out themselves and present it to any of these stores where they wish to trade for new MULTI-GRIP Tires.

These Estimate Blanks to be used by the customer are being mailed, placed in parked cars or are available at the stores. They may then be returned in person or by mail.
