## Carson Says Young GOP Must Save Party

Senator Allan Carson warned members of the Marion county Young Republican club Wednesday night that the republicans, unless a real effort is made, will find the democrats a stronger party in 1950. He said that it is largely up to the young party members to

overcome "old and unchanging ideas." Recalling that he had supported measures in the recent legislature that had the backing of young republicans, he said he was "thrown around" not by the democrats but by some of the other republicans.

He said the younger republicans can make their own party, with some advice from the older members.

## Stayton Firemen "Taken for Ride"

Stayton—Stayton firemen had a joyride to Scio when the plug on the commercial telephone line between Stayton and Scio was left in the wrong position.

after a call and the local operator answered. When told to send the department to the Scio Lumber company, she believed it must be a fire out of control and the Scio firemen needed assistance, so she dispatched the call.

Meanwhile, Scio Fire department, unaware of the fire in its territory, didn't respond at all. All's well that ends well, for the fire was out when the local firemen arrived on the scene.
