Why Endanger

Your Health?

By

J. M. WILLETT

of the Capital Drug Ster.

There are many miracle drugs on the market today, drugs that carefully adminis-tered by a doctor can often re-store health in a matter of

In view of this it is amazing

In view of this it is amazing that any one would endanger his health by purchasing a medical preparation he knows nothing about. Yet people continue to do so.

To prescribe medicine requires not only a complete knowledge of what effect drugs will produce in the body, but an understanding of your physical condition at the time medicine is prescribed.

prescribed.

That calls for the services of

a physician, just as prescription compounding calls for the skill of an experienced pharmacist.
