**NOT JUST ON ONE OR TWO MODELS  
— BUT STRAIGHT THROUGH THE LINE!**

Here are NEW LOW PRICES on America's "most wanted" refrigerator. Why be content with anything less? . . especially when you get SO MUCH for SO LITTLE. The fact that today there are over 2 million GE REFRIGERATORS that have been in use TEN YEARS OR LONGER proves that it is America's best buy — because NO OTHER MAKER CAN MAKE THAT STATEMENT. The chief reason, of course, is the famous G-E sealed-in refrigerating system. This, the greatest development in refrigeration history, was originated and pioneered by GENERAL ELECTRIC. This is but one of 39 "FAMOUS FIRSTS" developed by G-E . . . so buy it now! Be glad for years, but be sure it's made by
