Although all members of the state emergency board voted on the passage of a law requiring the secretary of state to inspect and approve school buses in the state as being safe, the majority of the board are hesitant to provide money to administer law.

N. P. Davis Envoy To Hungary

Washington, May 25 (AP)—President Truman today nominated Nathaniel P. Davis as minister to Hungary, where this country has had no representation since the trial of Cardinal Mindszenty.

The action set at rest reports that this government might not restore its legation in Hungary. Davis, now ambassador to Costa Rica, will succeed Selden Chapin, who returned to Washington for "consultations" following the Mindszenty case.

In a letter to Chapin, released with today's announcement, Mr. Truman said he expects to assign Chapin soon to "an important diplomatic" post.

Three other new ambassadors were nominated at the same time, as follows:

Joseph Flack, now ambassador to Bolivia, to be ambassador to Costa Rica, succeeding Davis.

George P. Shaw of Texas, to be ambassador to El Salvador, succeeding Albert Nufer, resigned.

Pete Jarman of Alabama, a former member of the house, to be ambassador to Australia. The post is now vacant.

Rotary Hears Spokane Report

A report concerning the activities of the recently held joint district conference of Rotary at Spokane was made during Wednesday's luncheon of the local club by Robert Fenix, secretary. Fenix was one of several persons attending from Salem. The conference drew approximately 1200 persons, including many from Canada.

The Trail, B. C. club with an attendance of 70 percent of its membership won the trophy for the group that had the largest percent present, distance considered.

The 1950 conference will be held at Astoria.

Leslie White, president of the Albany club was considered one of the outstanding speakers of the Spokane meeting.

William Hayden, a Stanford university student who lives in Couer d Alene, Idaho, will receive the Rotary scholarship from the northwest for study abroad.

Motion pictures of the 1947 world series in which Bill Bevens of Salem played a prominent part as a pitcher for the New York Yankees were shown. Bevens was a luncheon guest of the club.

Lilienthal Asks Speedy Report

Washington, May 25 (AP)—Chairman David E. Lilienthal of the atomic energy commission today demanded a "full, complete and speedy" report on congressional charges that the atomic program "is virtually a failure."

Lilienthal made the request in a letter to Chairman McMahon (D-Conn.) of the senate house atomic energy committee.

McMahon gave the letter to newsmen and announced that public hearings into the charges will start tomorrow (9 a.m., EST).

Lilienthal wrote that he welcomes the investigation, adding: "A full, complete and speedy report on the charges that the United States atomic energy program is virtually a failure is matter urgently necessary."

Senator Hickenlooper (R-Iowa), former chairman of the joint committee, has called for Lilienthal's ouster on grounds of "gross" mismanagement and today Senator McCarran (D-Nev.), chairman of the senate judiciary committee, said that he hopes Lilienthal will be asked to step down as chairman because "he is unworthy of the place."

McMahon in announcing the start of what he predicted would be lengthy hearings said "the time has come for an overall appraisal of the work of the commission."

He also announced the appointment of Dr. Ernest Thiele, Whiting, Ind., to trail the reported loss of some uranium-235 from the Argonne National Laboratory, Chicago. Whiting is assistant director of research of the Standard Oil Co., of Indiana.

Lilienthal's letter to McMahon said Hickenlooper's charges of "incredible mismanagement, misplaced emphasis and maladministration" in the AEC "involve nothing less than the security of this nation and the peace of the world."

Marshall Plan Aiding France

The economic condition of France has improved materially during the past year, largely through aid given under the Marshall plan, according to Jean de LaGarde, counsel general of France on the Pacific coast.

The French official was guest of Governor Douglas McKay at an informal luncheon at the Marion hotel Wednesday noon. He was accompanied by Pierre Nail, vice counsel in San Francisco and Alfred J. Herman, vice counsel in Portland.

LaGarde said that even more valuable to France than the recovery aid funds from the United States was the moral aid given the French people by this country.

He said that the black market had virtually disappeared in France with the exception of rationed goods, including sugar, coffee and gasoline. Agriculture is being mechanized, he said, with production now approaching pre-war figures.

11 Graduates At Deaf School

Open house and graduation exercises in the recently completed \$300,000 dormitory-classroom building will be held at the state school for the deaf June 3 with 11 students to complete their work.

The building will be open from 1:30 to 3 o'clock in the afternoon and after graduation exercises in the new auditorium in the evening, according to M. B. Clatterback, superintendent. The building, occupied since May 1, will provide dormitory space for 60 pupils in addition to classrooms for primary graders and take care of 20 more pupils than at present.

Diplomas are granted on a junior high school level with advanced vocational training. Several plan to return for a post graduate course of one year in order to enroll at Gallaudet college for the deaf in Washington, D. C.

The students are holding a dance Saturday night with a Sunday morning breakfast scheduled.

One hundred ten ships are now under construction in Spain.

Go-Ahead Signal For Naval Facility

More activity can soon be expected at the Salem Naval Air Facility with the 13th naval district this week having received the "go-ahead" signal from the Navy's Bureau of Docks.

The facility here received word Wednesday that the Naval Air Training Unit had been given its notification from the bureau in Washington.

Already the inside and outside of the hangar on the east side of McNary field have been painted and the men are now working on the shops in the hangar. Another coat of paint will probably be given the inside walls when more paint arrives from Seattle.
