### Ask Probe of Plane Buying

Washington, May 26 (AP)—Rep. Van Zandt (R-Pa) proposed today a congressional investigation of "the nature and circumstances" of military airplane purchases.

He introduced a resolution to create a special five-man house committee which, among other things, would inquire into "prior or present" connections of any military officials with any company which has received aircraft contracts.

Secretary of Defense Louis Johnson was a director of Consolidated Vultee Aircraft corporation. Consolidated Vultee makes the B36, giant bomber on which the air force has been concentrating.

Van Zandt said in a statement: "A great deal of information

has come to my attention within recent weeks regarding the unusually large purchases of aircraft from Consolidated Vultee Aircraft corporation, controlled by Floyd Odium, a heavy contributor to the democratic campaign, and a company of which Louis Johnson was, until three days after his nomination as secretary of defense by the president, a director and Washington counsel.

"I am also informed that to obtain funds for these unusually large contracts, the air force has ruthlessly cancelled orders from four other aircraft companies."

**Nebraska Ends Rent Controls**  
Lincoln, Neb., May 26 (AP)—Nebraska today became the first state to authorize rent decontrols under recent federal legislation giving states and communities the power to do so.

The decontrol action, effective November 1, came when the Nebraska legislature overrode Gov. Val Peterson's veto of the bill.

### Jail Faces Cabinet Officer If Evidence Not Produced

Washington, May 26 (AP)—Sen. Pat McCarran, (D., Nev.), today circulated a memorandum saying that the senate could jail Attorney General Tom Clark and Assistant Secretary of State John S. Puerifoy if they refused to produce files dealing with communist activities.

The memorandum was prepared by the federal law section of the library of congress at the request of McCarran, who is chairman of the senate judiciary committee.

The brief, copies of which were sent by McCarran to each committee member, deals with the committee's powers to act if Clark and Puerifoy should refuse to answer subpoenas for them to appear with the records.

Clark and Puerifoy have been subpoenaed to produce 168 files which an immigration subcommittee claims are needed in an investigation aimed at tightening laws to prevent entry of and permit deportation of communist spies and saboteurs.

The two have made it plain they will produce the files only if directed by President Truman to do so.

The memorandum held that the committee has power to subpoena the records. It said that if the records are refused by reason of a presidential direction, the senate could, "in the absence of definitive judicial decisions," take these steps:

Direct its presiding officer to issue a warrant directing the sergeant at arms to bring the official before the bar of the senate.

"Upon further refusal before the bar of the senate," the brief said, "the senate could order (1) that the person be continued in the close custody of the sergeant at arms, or (2) that he be committed to the common jail of the District of Columbia, or (3) that

he be kept by the sergeant at arms in close confinement in the guardroom of the capitol police."

Turkey, with an area of 296,503 square miles, has only some 26,000 odd miles of roads of every description.

### Youths Held After Stolen Car Wrecked

Portland, Ore., May 26 (AP)—Two teen-aged boys and a girl were taken into custody by state police last night after they wrecked a stolen car on the Sunset highway near North Plains.

The car had been stolen from a Portland U-Drive lot.

State Patrolman James Bauman said the car was traveling about 95 miles an hour when the driver swerved to avoid hitting

a dog crossing the highway. It skidded into a ditch and rolled over three times.

The girl and one boy are from Salem. The other boys lives in Portland. All 17 years old. One

of the boys will be taken into juvenile court here and the other two to Salem.
