The car, containing Oregon students, was bound for the DeWayne Johnson home in Silverton at the time of the crash.

## Holiday Deaths Below Year Ago

(By the Associated Press)

The Memorial day week-end was cut short violently for at least 253 of the nation's holiday pleasure seekers.

With the homeward rush still to come, the traffic deaths mounted to 165 before noon today. Fifty-two persons were drowned, and 36 died as the result of miscellaneous accidents.

The national safety council has predicted that 215 persons will be killed during the three day week-end, not counting those who will die later of injuries suffered in auto accidents. The council estimated that 30,000,000 automobiles would move on the nation's highways during the period.

The deaths by states (traffic, drowning, miscellaneous) included: California 11, 4, 7; Idaho, 0, 0, 1; Montana, 1, 0, 0; Oregon, 3, 0, 0; Washington, 0, 2, 1.

William A. Julian

## U.S. Treasurer Dies in Crash

Washington, May 30 (AP)—William A. Julian, aged treasurer of the United States, was killed yesterday morning in an automobile accident as he drove to a country club to play a round of golf.

Julian had served in his treasury post for 16 years and during that time had issued \$87,000,000,000 worth of currency. His signature appears on U.S. paper money, opposite that of the secretary of the treasury.

Various records gave his age at from 78 to 87; friends said the latter was probably most nearly correct.

Death came in a head-on collision with another car in a county road in nearby Bethesda, Md. The two men in the other car were only slightly hurt; no charges were filed in the accident.

Julian was appointed to the job of treasurer by Franklin D. Roosevelt in 1933. The position is held at the pleasure of the president, with no fixed expiration date.

The treasurer, not to be confused with the cabinet post of secretary of the treasury, has the job of receiving and disbursing public money, issuing and redeeming paper currency and coin, etc.

## Vishinsky to Quiz Big 3

Paris, May 30 (AP)—Soviet Foreign Minister Andrei Vishinsky, who rose to fame as prosecutor in the 1937 Moscow "purge" trials, is expected to cross-examine the foreign ministers of the western powers today.

Vishinsky reportedly has a barrage of questions ready on the western proposal to extend the Bonn constitution for a west German federal republic to eastern Germany.

He is to meet with Secretary of State Dean Acheson, Foreign Secretary Ernest Bevin and Foreign Minister Robert Schuman.

Authoritative sources in the western camp predicted the Russians eventually would reject the western offer. These sources feel no doubt that pro-western groups will win a free election in all Germany and the iron curtain will be pushed back to the Polish and Czechoslovak frontiers.

The Russian foreign minister is expected to shower the west with lengthy interrogation on each phase of the joint American-British-French project submitted to the four-power foreign ministers council Saturday.

Initial Soviet comment, voiced by Tass and Russian publications, criticized the western plan as a breach of the Potsdam agreement, which established the four-power allied control council for Germany. A main criticism was that the plan provides for majority decisions, limiting the veto power.

## Women Raise Hospital Fund

You can always count on the women to render valiant service in any welfare venture.

The two hospital auxiliaries are taking the Formula Rooms in their respective hospitals. They earn their money by holding rummage sales, bazaars, teas and all manner of ingenious worthy activities.

Their contributions come out of their earned money as treasury money. It does not represent a "pass the hat" collection for the campaign. They will accept the opportunity to make their personal pledges to the Hospital Development fund along with others during the general solicitation campaign.

The Formula Rooms are the last and best expression of safety in the preparation of food for babies and small children. They are presided over by trained nurses who may justly be called "specialists." Once many babies were lost because we had not learned how to prepare formulas to suit each baby's needs.

Thanks to scientific research and to the right equipment and properly trained dietitians and nurses to carry out doctors' orders. And thanks to the good women who put their time and their hearts into this grand work.

These Formula Rooms represent a subscription of \$2000 by Salem Memorial hospital auxiliary of which Mrs. P. W. Geiser is president, and a subscription of \$2500 by Salem general hospital auxiliary, of which Mrs. Carl Nelson is president.

## GOP Pamphlet On Legislature

Republican leaders of Oregon are not ashamed of the record established by the majority party in the 1949 legislature.

In fact, under the signatures of Governor Douglas McKay; William E. Walsh, president of the senate, and Frank J. Van Dyke, speaker of the house, the republican state committee has issued a pamphlet outlining the major accomplishments of the party in the way of legislation.

Attention is directed to the fact that the state budget was balanced without imposing a new tax even though a \$38,000,000 deficit faced the solons at the opening of the session. In this connection an interim committee was authorized to conduct a study of the state's tax problems and recommend a solution to the 1951 legislature.

Adoption of a 15-year long range pay-as-you-go highway modernization program; increase of educational benefits to veterans; increase in unemployment benefits from \$20 to \$25 a week and for 26 weeks instead of 20; establishment of a state milk administration; appropriation of \$7,000,000 for higher education buildings and \$2,000,000 for state institutions and reorganization of the state game commission with 15 extra police game enforcement officers, are among other GOP accomplishments referred to in the pamphlet.

## Cherry Queen to Be Picked June 17

Salem's 1949 Cherryland Festival queen is to be selected at a special program to be held at the Elsinore theater the night of June 17.

That announcement was made during the week-end by King Bing Deryl Myers of the Cherrians, organization that is to be in charge of the queen selection program.

Candidates for honor of reigning over the annual festival will be five high school seniors from Marion and Polk counties, all of whom were selected as princesses at a program held at the Salem senior high school auditorium, April 21.

The girls are Jeannine Bentley of the Stayton high school; Patricia O'Connor of Stayton and representing the Sacred Heart academy of Salem; Grace Marie Kirk, St. Paul; Dorothy Neufeld of Dallas and Katherine Specht of Jefferson.

The 1949 Cherryland Festival court will make its first public appearance as a group since its selection at the Portland Rose Festival. At that time the five girls with last year's queen, Lois Eggers, will ride on the Salem float in the floral parade.

**JACOBS LISTED AS GOOD AFTER SURGERY**

## EXPERT GIVES SOME HINTS How to Get Kids to Eat

Spokane, Wash. (AP)—Having trouble making the youngsters eat their spinach? Miss Ruth Aedes, supervisor of the Spokane public school food service, offers a few tips to help mothers prepare food that the small fry will polish off without objections.

Miss Aedes, who plans luncheons for some 1,100 six-to-two-year-olds, has made these observations of their likes and dislikes:

**Carrots:** No good cooked, but they'll eat them readily if served raw and sliced into sticks.

**Cabbage:** Usually gets lukewarm reception when cooked or served raw in grated salads, but considered good stuff if served raw in wedges.

**Dried prunes:** Stewed, no good, but ok when "plumped" in cold water.

**Gelatin desserts:** Good stuff. Soup: Hot and takes too long to eat.

**Spaghetti:** Very good. Sandwiches: All kinds, but especially egg—mighty popular.

**Mashed potatoes and gravy:** Always well-liked.

## Gatch Says

Admiral Gatch's speech followed the traditional Memorial day parade through the downtown streets of Salem. The parade, as usual, was replete with marching groups, bands, war veterans of all ages and several high-ranking military officers.

Thousands of Salem residents visited the city's cemeteries during the morning and early afternoon to lay floral remembrances on the graves of the deceased whom they have not forgotten.

A special Oregon Motor Stages bus made one trip from downtown Salem to the Belcrest Memorial burial grounds and return, and was filled to capacity for the trip.

**Glamour Back Girl**  
Hollywood, May 30 (AP)—Paulette Goddard today was named "Miss Glamour Back of 1949." The California Chiropractic association, meeting in Long Beach, said Miss Goddard has "the most perfect spinal structure of any actress in Hollywood."

A passenger with Van Ranst, John Cushing, told police he had been driving when the accident occurred with Butts' machine. Information secured by Salem police was turned over to Butts.

Van Ranst posted \$250 bail on the charge as did Christopher B. Herigstad, Silverton, who was also arrested on a similar charge.

## Humble Pie Eaten By Union Chief

Cleveland May 30 (AP)—Remarking "We are eating humble pie," Rail Brotherhood Chief A. F. Whitney disclosed today he and his officers had signed non-communist affidavits required by the Taft-Hartley act.

Long a foe of that law, Whitney had criticized its provisions that unions could not use the services of the national labor relations board unless their officers had signed.

**Georgia Negro Lynched**  
Irwin, Ga., May 30 (AP)—A Negro prisoner was taken from the Wilkinson county jail here during the night and shot or beaten to death, Sheriff George W. Hatcher said today. Hatcher said the body of Caleb Hill, Jr., was found by the side of a road about three miles from the Wilkinson county jail in this small town.

## Tiniest Baby Flown Home

Seattle, May 30 (AP)—Two-months-old Christine Langlo, who arrived at Doctors' hospital weighing 1 pound 13 1/2 ounces, today took on a sizable supply of groceries, gave a lady-like little burp, and went home with her mother to Kennewick, Wash., in an airplane. She now scales 5 pounds 5 1/2 ounces.

When she was born March 27 at Kennewick, Christine was almost too wee to see. Her mother, Mrs. Iver Langlo, 39, said the doctor opened the little one had "no chance" of surviving the first 24 hours.

Came the dawn, though, and Christine was still there, emphatically announcing she was hungry. She was put in a portable incubator and hurried 235 miles to Seattle by car. The doctor said Christine was stronger when she arrived than when she left.

For a time, the tiny one was fed with an eye-dropper, but soon began taking her victuals like the big girls. She lived in her incubator the first seven weeks.

Christine has three brothers.

## Memorial Day

(Continued from Page 1)

"The account can be marked 'paid in full,'" said Secretary of Defense Louis Johnson, "only when we can guarantee their wives, their sons and daughters a strong America free from the threat of another war. . . . Peace through strength must be our goal."

The other leaders of the military departments spoke similarly in their Memorial day statements. Gordon Gray, acting secretary of the army, said that while remembering the sacrifices of those who died for the ideals of America, "we must do everything in our power to further those ideals."

For the navy, Secretary Francis Matthews said: "We have no higher duty today in memory of the dead of our wars . . . than to pledge ourselves anew to keep the navy as always a worthy member with the army and air force of the unified defense team which helps to guarantee our security and the peace of the world."

Secretary of the Air Symington expressed the air force's tribute to those who died, and said honor goes too to those who returned to work in peace as in war "to preserve our American heritage."

Gen. Omar Bradley, army chief of staff, put in a special word of remembrance for those who returned "only to spend long months in veterans hospitals."

For official Washington, and for the thousands of visitors here for the day, the highlight was the traditional laying of a wreath at the tomb of the unknown soldier in Arlington National cemetery.

## Reds in Berlin

(Continued from Page 1)

An official American source, meanwhile, expressed hope that Berlin's paralyzing railway strike might end this week. He said leaders of the 12,000 anti-communist strikers against the Russian-run railways probably would compromise on their principal demand: payment in full in west marks instead of the less valuable east marks. The railway offered last week to pay the workers 60 per cent of their wages in west marks, but this was rejected.

The congress also rammed through approval of a manifesto to the German people embodying Soviet aims in Germany.

The manifesto invites on time members of Hitler's Nazi party to "cooperate" in a national front led by the communists.

## Dr. Herbert Rahe Drowned Near Chico

Chico, Calif., May 30 (AP)—The body of Dr. Herbert E. Rahe, 45, Chico State college professor who was drowned Saturday in the Sacramento river, still was not recovered today.

Rahe, who came here a year ago from Willamette university at Salem, was in a boat with two other fishermen when it capsized. Other fishermen rescued Prof. Lloyd Jones and Herp Alpers, both of Chico state, but Rahe was swept downstream.

Surviving are the widow, a son Paul, 15, and a daughter Mary Joanne, 12.

Dr. Rahe came to Willamette in 1929 as head of the speech department and had remained on the faculty until he resigned last year to accept a similar position at Chico State. According to friends there is a possibility that Dr. Rahe had been stunned by a blow on the head when the boat capsized.

The Rahe retained their residence in Salem as well as their beach property after moving to California.

Supervisor—A. L. Sebaly, supervising teacher at Western Michigan college in Kalamazoo, will supervise teaching at the OCE summer session which opens June 15 at Monmouth and closes August 9.

## MILITARY MEN AND VETERANS

Monday, May 30

Going to School  
Woodburn — Major Bruce Gillanders of the Far East air material command with headquarters at Fuchu, Japan, has received post call to sail on the General Gaffey about June 1 to attend the air command and general staff school at Maxwell Field, Montgomery, Ala. The ship will dock in San Francisco June 19 and the family will drive to Woodburn for a week's visit with Mrs. Gillander's mother, Mrs. W. C. Tresidder, and other relatives.

## Convicts Escape

(Continued from Page 1)

Pinson and Benson made their escape from their detention cells with the aid of a saw and wrench which apparently had been smuggled in to them. Prison officials said it was the first time that anyone has escaped from the "bull pen."

A hail of bullets greeted the convicts as they dropped off the south wall and began running across the broad penitentiary lawn. Guards believe that one of the fleeing men was hit while running near the rear of the guard's shack. He is said to have fallen momentarily then got up and resumed running. This was the last glimpse anyone has reported of the men.

**Manhunt Now On**  
Patrol cars swarmed the area with a barrage of searchlights in a matter of minutes, armed men on foot checked every possible clue as to the men's whereabouts, and road blocks were thrown about the city, but the convicts could not be found.

Slim Maw, a guard at the prison, said he saw the convicts in a matter of minutes, reports that he found a series of prints made by bare feet in a creek running below South 25th street. Neither of the men were wearing shoes at the time of the escape.

Allen McEae and myself patrolled all roads, railways, creeks, etc., from an airplane as soon as daylight permitted, but saw no evidence of the convicts. Search continues.

The search will continue in the Salem area Monday afternoon and night. Foot patrolmen plan to make a thorough search of all fields in the vicinity of the prison.

No cars were reported stolen in Salem Sunday night or Monday morning.

Both men were wearing blue denim uniforms when they made their escape, and both have very short haircuts.

Prison records describe the men as follows:  
John Oscar Pinson: Age 31; eyes brown; complexion dark; hair turning grey; build tall and muscular; height 5 feet 11 inches; weight 181; occupation line-man.

William P. Benson: Age 44; eyes grey; complexion medium-light; hair black; build large; height 5 feet 11 1/2 inches; weight 180; occupation truck driver.

## Business 'Good' Sawyer Declares

Atlantic City, N.J., May 30 (AP)—Secretary of Commerce Charles Sawyer today stamped "good" on the current business situation.

Sawyer said "by any normal standard of historic comparison our situation is good." In an address prepared for the 30th convention of the National Restaurant association, Sawyer said: "Whether we shall maintain our economy at present levels will depend as much upon psychological factors as upon material factors."
