Verbal Battle At Silverton

Silverton—A verbal battle between the Chamber of Commerce and the Junior Chamber of Commerce regarding the construction of a dam for the city water system unfolded during a meeting of the city council here this week.

Mayor Clinton Weiby presided. City Manager Robert Borland, City Attorney Rex Albright, and ex-Mayor George Christenson, who serves as assistant mayor and is chairman of the aldermen, were presented with other members of the council.

Two petitions were presented. One by directors and members of the Silverton Chamber of Commerce, V. V. Runyan, president, and Walter Green, forum secretary, and the other by the Junior Chamber of Commerce.

The Chamber of Commerce petition requested the city council "that any and all action on the question of improving the city water system be deferred in order to allow further investigation. We feel that regardless of the merits of the case the issues on either side to the voters; and that the subject should be thoroughly studied before action is taken which might commit the city to a wasteful and unsatisfactory system."
