Wheat Firm But Grains Lower

Chicago, June 10 (AP)—Wheat held firm while feed grains slumped on the board of trade today. Buying of wheat by mills helped that grain, and an advance in cash prices plus more unwanted rains in the southwest spurred along the upturn.

Action of wheat did not aid corn and oats. Corn slumped on light selling, part of which was hedging against purchases of more than 100,000 bushels of cash corn on a to-arrive basis from the country. It was the second straight day of fairly heavy country cash grain offerings.
