

Give her one hour a day - for years!

A G-E AUTOMATIC DISHWASHER Will Free Her From Her Worst Kitchen Task!

Make her happy with the present that will take her hands out of hot, greasy dishwater—forever!

Give her soft, white hands. Give her new after-dinner leisure. Give her sparkling clean dishes. Give her a present that will make her proud of her kitchen. And she'll love you every day for years to come!

AUTOMATIC! Just put in the dishes (pots and pans, too)—add the detergent—flip a switch. *That's all!* The G-E Dishwasher will wash and double rinse your dishes *automatically*. The dishwasher stops automatically, too—and the top opens to allow your dishes to dry.

SAFE! Special stationary racks hold your dishes, glasses, and silver—and guard against breakage.

LOW COST! Costs only about a penny a day, at national average rates, to operate. And it saves on towels, soap, breakage, and *time*.

P.S. Remember, you'll be giving yourself a present, too—every night at dish-drying time!
