Today is the last day on which an appeal can be filed with the supreme court in the injunction suit that sought to quash the Kingwood annexation.

### Demos Endorse Brannan Plan

Des Moines, June 14 (AP)—Democrats will stake their hopes for another midwestern farm-belt victory in 1950 on the Truman administration's new farm plan promising cheaper food and farmer prosperity.

A 16-state democratic mid-west conference voted yesterday to support the controversial program advanced by Secretary of Agriculture Brannan and endorsed by President Truman.

### Flash Floods in Texas Kill 5

Dallas, Texas, June 14 (AP)—Floods and flash floods took at least five lives in Dallas county last night and today. Three other persons are missing.

### United Nations Curb on War

New York, June 14 (AP)—Trygve Lie, secretary-general of the United Nations, predicted that "no war of importance will ever be started while the (U.N.) general assembly is in session."

### Outdoor Weiner Feast For Chin-up Club

An outdoor weiner roast for members and friends of Salem chapter No. 1 Chin-up club of Oregon, will be held at the home of Mr. and Mrs. Frank James, 850 Plymouth Drive, Thursday evening at 7:30 o'clock.

### Outdoor Weiner Feast For Chin-up Club

Mrs. James is a sister of Leon Fiscus, state vice president of the Oregon Chin-up club. The James' home is reached about a mile north of Salem on the North River road to Plymouth drive or by means of the Keizer bus.

### World Wheat Pact Ratified

Washington, June 14 (AP)—The senate has voted for United States membership in an international wheat agreement that includes all wheat exporters except Russia and Argentina.

Last year a similar pact got lost in the shuffle of the 80th congress.

The new agreement will become effective July 1 if enough other countries ratify it at that time. It was worked out by the United States and four other net exporters of wheat along with 36 wheat importers.

The five exporting nations are to ship 456,000,000 bushels annually to the importing countries. Sponsors said that would be an export market of 168,000,000 bushels of American wheat each year for the next four years.

Importing countries would pay a maximum price of \$1.80 a bushel. The minimum would scale down from \$1.50 this year to \$1.20 in 1952-53.

The senate ratified the treaty without apparent dissent after a few hours of mostly routine debate yesterday.

### ONG Contracts For 7 Buildings

The Oregon National Guard has awarded contracts for motor vehicle storage and rifle range buildings in seven cities. The contracts total \$337,027.

### Military Pay Bill in House

Washington, June 14 (AP)—The military pay raise bill, slimmed down by a little over \$100,000,000, returned to the house floor today for another try.

Sponsors flatly predicted—and many opponents conceded—that it will pass, probably tomorrow.

The first pay bill, based on recommendations of a civilian commission, was defeated by the house last month. It would have cost about \$406,000,000 a year.

Rep. Kilday (D., Tex.), one of its authors, has estimated the new bill would cost about \$358,000,000 for its first full year of operation, and would taper off after 1952 to an annual cost of approximately \$304,000,000.

The new bill would give some more money to almost everybody in uniform—from the 30-year generals and admirals on down to the rookies and "boots" just entering military service.

It would not give the high brass such high percentage raises that were in the rejected bill.

Top brass with over 30 years' service would draw base pay of \$904 a month. The present scale is \$733. Newly commissioned ensigns and second lieutenants would go into service at \$213 a month, compared with \$180 now.

The lowest enlisted rank, now drawing \$75 a month, would continue at that rate for the first four months, and would then go up, reaching \$95 after four years.

### County Tax Foreclosures

Decree was filed Tuesday in circuit court here in the latest tax foreclosure case instituted by Marion county involving delinquencies from the 1944-45 roll and prior years.

Named as defendants are Mary F. Morris and others.

When the suit was filed 27 defendants were named covering various pieces of property. Since then 15 of the parcels have been redeemed with but 12 left subject to the foreclosure.

Amounts involved are small with but one exception showing delinquency of \$2861.47 against the timber only on 800 acres of land assessed to the Eastern and Western Lumber company.

The properties now in due course will go to sale and any unsold at the sheriff's sale will revert to the county. After that there will still be a year in which former owners may redeem by paying up back taxes, interest and costs.

### Dr. Condon to Get Hearing

Washington, June 14 (AP)—The house un-American activities committee today voted unanimously to give Dr. Edward U. Condon a public hearing "as soon as he asks for one."

Condon, director of the national bureau of standards, was characterized by an un-American activities subcommittee last year as "one of the weakest links" in the security chain around the atomic bomb.

The committee's decision to give Condon a hearing was announced by Rep. Richard M. Nixon, R., Calif., who made the motion. He said that if Condon does not ask for a hearing he will press the committee to "move on its own initiative."

"He has made charges against this committee and against the FBI," Nixon said. "It is time we got this thing settled."

He added he believes that Dr. Condon himself will be "interested" in arranging a hearing.

### Trieste Voters Rebuff Reds

Trieste, June 14 (AP)—Voters in the international city of Trieste have rebuffed both pro-Cominform and pro-Tito communism, indicating their sympathies lie with the west, complete official returns from Sunday's elections showed today.

The election, conducted by the allied military government for the Anglo-American zone of the free territory, was held to give the city on the fringe of the iron curtain its first freely-elected administration since 1922.

But the balloting actually had international significance because of the fight between pro-Italy parties and communists on the future of the free territory. The balloting proved overwhelmingly that the populace would support the American, British and French proposal to return Trieste to Italy rather than to maintain it as free territory.

With final returns in from all 277 precincts, six Italian parties supporting the western position took 40 council seats against 20 for the anti-Italian parties.

The Christian democratic party, which sent Premier Alcide De Gasperi to power in Italy in that country's fight last year against communism, also proved the strongest party in Trieste. It won 25 seats.

### Soviet Accuses Turkey, Sweden

Moscow, June 14 (AP)—The Soviet navy newspaper Red Fleet complained today that both Turkey and Sweden allegedly were planning collaboration with the United States in establishing military bases in the Mediterranean and the Baltic.

The naval paper said a Turkish admiral had gone to Washington to discuss the construction of Black Sea naval bases or Turkish territory.

An article by the naval affairs commentator Yermashev said it was clear that such bases were for the use of the American fleet and were only one part of American plans for the Mediterranean, which included taking over the Dardanelles.

The same Red Fleet commentator asserted that certain Swedish military leaders were planning to make Sweden a base for rocket and atom bomb war against the Soviet union. The commentator declared these Swedish leaders were acting as American agents.
