

'SQUEEZE' IS GONE IN DEALS

Correspondent from Red Area in China Tells Story

(Editor's Note: This is the first dispatch from Spencer Moosa. Associated Press correspondent in Peiping, since the ancient Chinese capital was taken in January. Moosa is en route to Canton with his family.)

By SPENCER MOOSA

Fusan, Korea (AP)—Up to the time I left Peiping last week, the Chinese communists had shown no signs of lifting the ban against foreign correspondents.

Linn Playground Sked Announced

Lebanon—Plans for the city recreational program for summer are now being made, announces City Recreation Director R. M. Barber, June 20 has been set as the opening day.

The program will be built around the Red Cross supervised swim activity to be held for two weeks at Waterloo, beginning July 18. Recreational swimming will start two weeks before and be continued for two weeks after the Red Cross program, for those who already know how to swim.

Softball leagues will be formed and plans are being made to have a playoff in three age groups with Albany, Salem, Sweet Home and Corvallis. A baseball clinic will be held for all boys interested.

Playgrounds will be open to all from the ages of 6 to 16, with tournaments planned in tennis, ping pong, badminton and other sports. Handicraft projects, hobbies, quest games, and skills will be taught to all in the above age levels.

The two playgrounds, one at Queen Anne and the other at Santiam grade schools, will be used.

Robert Barber will administer the city program. Working with him will be a woman to handle minor sports, handicrafts and girl's play. This director has not yet been chosen.

Farmers' Income Drops 10 Per Cent

Washington, June 15 (AP)—The net income of farmers in the first half of 1949, is probably running at least 10 per cent below the same period last year, the department of agriculture estimated today.

Cash receipts from farm operations and probably the gross income of farmers, will be down only about seven per cent. But the experts estimated that farmers' production expenses haven't fallen as fast as their income so it will leave them less profit. They said the cost of items the farmers have to buy is down only about three per cent.

The report by the bureau of agricultural economics estimated the farmers are receiving about \$11,900,000,000 from marketing this year, compared with \$12,800,000,000 in the first six months of 1948. Farmers sold more than they did in the first six months of 1948 but prices were down about 10 per cent.

Receipts from livestock were estimated at around \$7,400,000,000, ten per cent less than in the first half of 1948, and crop receipts were estimated at \$4,500,000,000, three per cent more than in 1948.

Giannini Leaves \$480,000 Estate

Redwood City, Calif., June 15 (AP)—A. P. Giannini, founder-chairman of the multi-billion dollar Bank of America who died June 7, left a personal estate of less than \$480,000, according to his will filed for probate here.

The document bore out Giannini's oft-repeated statement that "I never had the money itch. . . I have no intention of dying a millionaire."

All but \$9,000 of the estate will go for charitable or beneficial purposes. His son, L. M. Giannini, and daughter, Claire Giannini Hoffman, do not share in the estate but both are named executors with the bank.

Approximately \$430,000 is given to the Bank of America-Giannini Foundation which provides funds for educational, medical and social research aids.

Other beneficiaries include public charities, playgrounds, Catholic, Jewish and Protestant charities, a boy's club, and nine individual \$1,000 grants to near relatives and one employee.

Unionvale Considers School Improvements
Unionvale—The newly elected Unionvale school board, Henry Devye, Royal Hibbs and Howard Steingrube, held their first board meeting at the Unionvale school building in conference with Charles Sargeant, local contractor.

Coplon "Confident"—Judith Coplon and her attorney Archibald Palmer examine photostatic copies of original FBI documents behind the 34 data slips allegedly found in Miss Coplon's purse which Judge Reeves ruled had to be introduced in her espionage trial. Miss Coplon said that she was "completely confident" of ultimate vindication. (Acme Telephoto.)

at the Horn home. A dessert luncheon was served to Mrs. Maude Brown, Mrs. James Royer, Mrs. Mabel Hatch, Mrs. Lula White, Mrs. Jessie Moyer and Mrs. Laura Horn. Mrs. Jessie Moyer was the invited guest. This was their last meeting until October.

Other foreigners tell similar stories and are incredulous. Falls City—Mrs. Laura Horn and Mrs. J. R. Strauss were hostesses for the Ladies Art club

Ruling Made On Dependents

Men having dependents can now enlist in the army, providing they can be enlisted in one of the first four pay grades. That is the recent information received by the local army and air force recruiting station.

Under present regulations men with previous service are permitted to enlist with all or part of their grade held at the time of discharge. Enlistment from civilian life can be made by persons with or without prior service in almost any branch or service in the army. Unlimited vacancies also exist in the air force.

Under the present set-up with the Salem station a sub-station of the Portland office processing at the local office requires from 25 to 30 minutes. The men are then shipped to Portland for final processing and oath of enlistment. Air force enlistees are sent to Lackland Air Force Base, San Antonio, Texas, and the army enlistees to Fort Ord, Calif.

Men with previous military service and possessing special military qualifications, such as mechanics, cooks, photographers, and several other jobs, may be assigned to a post, camp or station where vacancies exist, if they desire.

Peppermint Crop in Harvest at Unionvale

Unionvale — Peppermint is thriving and hoeing is in progress in the various farms in the Grand Island and Unionvale districts. About 50 per cent of the hoeing has been completed in

Teaching Arts—Mrs. Marie Ring Erickson, of the arts department of the University of Louisiana, is teaching the arts courses at the OCE summer session which opened June 15 at Monmouth.

some of the acreage and some fields have been slow to start after spring plowing, but the recent sultry days have given impetus and all fields give promise of good yield, growers report.

Youths Charged With Pilfering

Lebanon, June 15—City police reported as solved this week, a series of three thefts covering the past 60 days which resulted in the arrest of two minor youths, 14 and 16 years old, who confessed to all three crimes.

The youngest boy also admitted participation in the Rod and Gun club break-in earlier this year.

The older youth was involved in a recent theft of packaged nuts from the Northwest Nut Growers warehouse.

Recent burglaries included the Shell Oil station last Tuesday night where cigarettes, cigars,

candy and petty cash was taken; the Lebanon Meadows racing track, theft of ten cases of empty pop bottles and the Champion service station last Wednesday night, where they obtained merchandise and small cash.

Lebanon Chief of Police Cliff Price, acting on a tip, secured the aid of Deputy Sheriff George Miller in making the arrest. Both youths live outside the city. The pair were turned over to juvenile authorities in Albany to await a hearing. The older boy is currently on parole for his part in the nut stealing.

DANGER! WATCH YOUR STEP

A GREAT advance in the treatment of cancer was to be a major result of Marie Curie's discovery of a new element named Radium... first announced in 1898. Her discovery stemmed from original research required for a university degree... ended in one of the great discoveries of all time. It took Marie and her husband Pierre four years of painstaking labor to actually refine a small amount of pure radium, with success finally achieved in 1902. Since, radium—and its gas by-product radon, has come into extensive use in treatment of deadly cancer.
