

'Look, Boss, What Ma Brought Home'—Champion "Chief of Staff," 7-year-old schnauzer, was on hand with his master, Bobby Burns Berman, Redwood City, Calif., at Mills Field, in San Francisco, to greet "Zaba of Selby," valuable show dog recently lost in Chicago and found in a park with six newborn pups. Mother and pups arrived by air, and since they had traveled in separate cases were quickly reunited for feeding while "father" remained in the background. Berman said the pups are 20th generation descendants of the first schnauzer that he brought from Germany many years ago. (AP Wirephoto).

Belated Degree To Scio Doctor

Sixty years after his graduation from the University of Vermont Dr. Albert G. Prill, 80, retired Scio physician who had practiced 59 years until his recent retirement was Monday granted a degree of doctor of medicine. He was unable to attend and was awarded his degree in absentia.

Dr. Prill was a member of the graduating class of 1889 but was unable to take his final examinations because of illness. He attended the University of Buffalo medical school for three years and transferred to the University of Vermont at Burlington for his final year.

Under the then current medical practice act he became a licensed physician in Oregon and began his practice here in 1890. He is a member of the Oregon State Medical society and the American Medical association. For 53 years he served as surgeon for the Southern Pacific railroad and also holds membership in the association of Pacific Coast Railway Surgeons.

Detroit Doubles Workers' Shift

Mill City—A swing shift has been added to the Detroit Dam-site workers following the installation of lighting facilities. The swing shift men relieve the day shift at 5 p.m. making continuous work at the site.

Now in construction is a bridge down stream from the dam following the completion of the bridge upstream since May 18. Excavation is in progress for the diversion tunnel for the North Santiam River, the digging of which has been sublet to the Shea Construction Company. Some of the digging will be through solid rock.

Excavation is also being done now for the Consolidated Builders Inc. main office and machine shop building at the damsite. At the present time the main offices are located in the Presbyterian Church recreational building with the engineers located in the upstairs firehall building. Some of the supply men are in the field now working in temporary buildings.

Vincent Palmer, head engineer for the dam states that C.B.I. employs about 300 men here at the present time.

Work on the housing project was held up to a certain extent of late due to the mill workers strike. The holding up of windows was one of the main things deferring the work, however, it was thought that these were being shipped and would arrive the last of this week.

Several officials in the C.B.I. main office stated that the moving of their families to Mill City has been delayed now about 60 days and family men are concerned as to whether their homes will be completed in time to get their children in the schools here. Only two families among those occupying the 19 homes do not have grade school children.

Plastering was completed on at least four of the homes last week. Ground was broken recently for two more homes in the same area which were requested of late. Houses have all been assigned as to occupancy.

Distressed Vessel Rescued Off Coast

Nehalem, Ore., June 20 (AP)—The distressed fishing vessel *Defiant* was rescued off the Oregon coast yesterday after two crew members fought through high waves in a six-hour struggle to reach shore.

With the vessel battered, its radio and engine useless, the two set out in a 12-foot skiff to get aid. They finally emerged through the surf onto a beach near here and notified the coast guard.

One was identified as Heinie Sorenson. The other's name was not learned.

Eugene Smith Named Lions Club President

Silverton—Eugene Smith was elected president of the Lions club for the coming year at the Wednesday evening meeting at the Double J Cafe. Officers are to be installed June 29, with members of the Lions auxiliary as special guests.

Assisting officers elected are first vice president, Ernest Ekman; second vice president, Lowell Paup; third vice president, Fred Evans; secretary, Phillip Clites; treasurer, C. B. Anderson; tail twister, Ralph

Adams; Lion Tamer, James Chan; directors, Clarence Morley and Murl Anderson.
