

Typhoon Kills 600 in Japan

Tokyo, June 21 (AP)—A typhoon left an estimated 600 Japanese dead or missing in southern Japan yesterday. After raking the southwest tip of Honshu it swept out to sea today.

The storm struck first in Okinawa, the big U.S. air base. No American casualties were reported there. Gusts up to 115 miles an hour were recorded on Okinawa.

From there the typhoon blew on north to the southern Japanese island of Kyushu, where by police account most of the casualties occurred. Police put the dead at 40 and the number of missing at 563.

The typhoon then hit Japan's inland sea, causing heavy damage to coastal shipping, drove across the tip of Honshu and moved into the Sea of Japan, between Japan and Korea.

Unless it departs from the usual courses of typhoons, the storm will hit the Asiatic mainland.

An additional 55 fishing craft were destroyed on Shikoku and "scores" of others on Hiroshima and Yamaguchi prefectures, Jiji Press said.

Hong Kong port authorities picked up an SOS signal from the 8591-ton American freighter Lightning, now adrift off Okinawa. Pacific Far East Lines, owners of the vessel, said the ship left Hong Kong June 16 with a cargo of Siamese jungle beasts, including eight elephants, 700 monkeys, 12 bears, and a dozen snakes over 20 feet in length.

The Japanese Marine Transport association said two other freighters were grounded by the storm off Kyushu.

Police reported 40 persons were killed and 563 others were missing in Kyushu, Shikoku and Chugoku.

Government officials estimated damage from the typhoon—nicknamed "Della" by the U.S. typhoon warning network—at \$12,500,000.

Beaver Trapping Program Legal

The state game commission's program of trapping destructive beaver and selling their pelts was upheld today by the state supreme court.

Ed Fields and six other Union county residents sued the commission in an effort to have the trapping program declared illegal.

Circuit Judge R. J. Green of Union county ruled the program is legal, and today's decision by Chief Justice Hall S. Lusk agreed with him.

Other court action today: Disbarred Wesley B. Yatta, Portland attorney, on five charges of unprofessional conduct brought by the bar association of the Oregon state bar. Those charges included use of client's money for his own use.

Suited in a Clackamas county case that H. Haven, a leasing truck contract carrier, has to pay \$5,000 damages for a fatal auto accident, and that the two companies for which he hauled logs are not liable. Those companies are Crown Zellerbach and Weyerhaeuser Timber companies. Hubert J. Persons was killed when his car collided with Haven's truck, which failed to stop. Circuit Judge Earl C. Lavigne held that the damages should be assessed against Haven and the two companies, but today's decision by Justice Arthur D. Hay ruled that Haven was solely responsible.

Upheld a Lane county decision giving \$1,000 damages to H. F. Berry in his suit against Arthur Myrno. Cars driven by the two men collided at Florence. The decision by Justice Hay upheld Circuit Judge C. F. Skippworth of Lane county.

Reversed a Lane county decision in a suit to set aside a deed. The case was brought by M. E. Evans and others against Mr. and Mrs. Henry Anderson. The lower court ruled in favor of Evans, but today's decision by Justice J. O. Bailey 344 for the Andersons.

Friday Pet Day on City Playgrounds

The first of a series of seven special days held annually in connection with the city-school recreation program is slated for Friday of this week. It will be known as "Pet Day," and youngsters will present a wide variety of pets for consideration.

The other special events, according to a list prepared by Vernon Gilmore, director of rec-

Big 4 Finish Paris Debate

Paris, June 21 (AP)—The Big Four foreign ministers ended four weeks debate last night with a pledge for east-west peace and general agreement on an Austrian independence treaty.

As the conference closed, the following results were announced:

A six-point statement of principles to guide negotiations in Germany. This featured a Russian promise not to reimpose a blockade of Berlin, in return for efforts to revive east-west trade in the former reich.

A joint communique announcing a series of agreements on the outstanding issues in the Austrian treaty and instructing the deputies to wrap up the document by September 1.

Agreement among the four ministers to maintain contact and hold another meeting in New York next fall during the United Nations general assembly.

An American deputy, Samuel Reber, told newsmen he was confident the four powers would agree on an Austrian text in time for the fall session, when it presumably would be adopted and the allies would pull their forces out of Austria.

The conference had a hectic ending when Russia sought unsuccessfully to make a last-minute change in the Big Four's communique.

It seemed Vishinsky had been reprimanded by Moscow for one point on the Austrian treaty regarding oil profits.

Doomed Child At Burial Rites

Laurel, Miss., June 21 (AP)—Eight-year-old Billy Anderson, stricken by leukemia, watched quietly the burial service of his sister Betty Joyce, also victim of the blood destroying disease.

Then he said to his mother: "I don't want to go to New Orleans for treatment again. It didn't do Betty Joyce any good and it won't me, either."

The parents, Mr. and Mrs. Glaze Anderson, took the children to specialists in New Orleans three weeks ago.

The specialists said neither child could live long. Billy's case of leukemia was more advanced than Betty Joyce's.

The five-year-old girl died Saturday and was buried yesterday. Billy, older and stronger, still withstands the ravages of the disease, but without hope.

The Andersons have a third child—Rose Marie, nine months old.

Killer of Coed Gets 80 Years

Boulder, Colo., June 21 (AP)—Joe Sam Walker, 33, was sentenced yesterday to serve 80 years to life in prison for the "violent, vicious, atrocious" murder of Theresa Foster, Colorado university coed.

District Judge George H. Bradford passed the second degree murder sentence with the observation that "I find no extenuating circumstances in the case." He added that "the punishment should fit the crime" which he described as "a violent, vicious, atrocious murder."

Walker was visibly shaken by the stiff penalty. If he earned time off for good behavior Walker could serve the sentence in 40 years.

District Attorney Marc E. H. Smith had recommended before the sentence was ordered that Walker "should be 72 years old before he is released."

"We're going to the supreme court," Defense Attorney James Burke announced after Walker was taken back to his Boulder county jail cell. The attorneys were granted a 30 day stay of execution and 60 days in which to file a bill of exceptions challenging legal points in the trial.

A jury of 11 men and a woman convicted Walker May 9 of killing the 18-year-old freshman from Greeley, Colo. Her raped, half-nude body was found last Nov. 11 under a bridge south of Boulder, two days after she disappeared only a walk from the university campus to her residence.

Firecrackers Cost Silverton Man \$25

A Silverton resident, Jack Anderson Lowrey, posted \$25 bail on a charge of illegal shooting of firecrackers in Salem, a police report stated Tuesday.

Lowrey was nabbed by an officer after he was seen to toss a firecracker from a car at the intersection of Silverton and Portland roads.

His arrest was the first on that charge for this year. Shooting of fireworks is limited to July 3, 4, 5 and prohibited in the downtown area.

Some snakes can go three years without food because of their low energy requirements for simple body maintenance.

Boy Slaying Cougar Killed

Vancouver, B.C., June 21 (AP)—The vicious 80-pound cougar which killed a small Indian boy Sunday was treed by trained dogs and shot yesterday by a predatory hunter.

Skate Hames of the game department blasted the animal out of a tree with one shot a quarter of a mile from where it mauled seven-year-old Dominic Taylor.

The boy was playing on the beach with his father when he suddenly was attacked by the cougar. Two men drove the animal off after the boy was fatally injured.

The killer was brought down an hour and a half after seven trained cougar dogs and three hunters were flown to the area from Bamfield, 120 miles south on the west coast of Vancouver island.

Pilot Hugh Hughes said the heartbroken father, Dominic, Senior, led the hunters to the scene where the cougar had attacked his son. A pair of overalls, ripped off by the cat, had been left on the beach.

Hughes said the dogs picked up the scent and had the cougar treed within five minutes. It was about 100 feet up in a big hemlock," Hughes said. "The foliage was so thick that Skate Hames had to climb 50 feet up a nearby tree. He bagged the cougar with one shot."

Committee Chairman Wood (D, Ga.) said he was at a loss to "know what all the shooting is about" and insisted that the committee is not investigating textbooks.

"Purely preliminary steps," he told newsmen, have been taken by committee investigators as a result of complaints by the Sons of the American Revolution. These complaints, he said, made "some very grave charges" involving communism in schools.

"I think," Wood said, "that the educators themselves would be interested in refuting the charges if they are not true."

The three active republican members of the committee agreed that the educators themselves should make the study.

School Book Probe Dropped

Washington, June 21 (AP)—A projected congressional probe of school books appeared today to have backfired into a house Un-American activities committee wastebasket.

Republican committee members denounced it yesterday and democrats followed through today with a prediction that the committee will drop it like a hot potato.

It appeared likely that any investigation made now will be by a special commission of noted educators, possibly headed by General Dwight D. Eisenhower, president of Columbia university.

Committee Chairman Wood (D, Ga.) said he was at a loss to "know what all the shooting is about" and insisted that the committee is not investigating textbooks.

"Purely preliminary steps," he told newsmen, have been taken by committee investigators as a result of complaints by the Sons of the American Revolution. These complaints, he said, made "some very grave charges" involving communism in schools.

"I think," Wood said, "that the educators themselves would be interested in refuting the charges if they are not true."

The three active republican members of the committee agreed that the educators themselves should make the study.

Belgian Liner Sunk by Mine

Dunkerque, France, June 21 (AP)—The Belgian channel steamer Princess Astrid, carrying 283 persons, struck a mine and sank off Dunkerque today. Police said six persons were missing and eight injured.

The first radio message from a rescue fleet which rushed to the area five miles off Dunkerque said some of those aboard the Astrid had been burned by the blast. Port authorities alerted Dunkerque hospitals to be ready to receive the injured.

The 2,950-ton vessel struck the mine in coastal waters during her regular afternoon run from Ostend, Belgium, to Dover, England. Port officials said the Astrid, carrying 218 passengers and 65 crewmen, sank 90 minutes later.

State AFL for T-H Law Repeal

Eugene, June 21 (AP)—One thing is clear in the State Federation of Labor convention here—delegates are in no mood for compromise on repeal of the Taft-Hartley act.

They overrode their own officials as the convention opened yesterday, and voted to ask the Oregon congressional delegation to work for outright repeal.

The vote ignored an appeal from James T. Marr, secretary-treasurer of the federation, to wait until after a speech Thursday by Joseph Keenan, Washington, D.C., political education director. Marr said he understood national AFL leaders now are willing to accept some amendments on the act.

The delegates heard President J. D. McDonald urge them yesterday to undertake labor salesmanship by joining civic activities and exchanging delegates with other organizations so that the general public can hear the labor viewpoint.

"We have a selling job to do and every member is a potential salesman," McDonald said.

He also advocated an immediate start in preparing for the 1950 election, asserting that labor's efforts so far have "only scratched the surface."

Delegates also heard Ed Weston, president of the Washington State Federation of Labor, assert that labor elected two of three justices to the Washington supreme court at the last election. This has resulted in more liberal decisions since, he said.

Gandhi Slayers To Face Death

Simla, India, June 21 (AP)—An East Punjab high court today confirmed a death sentence against two Hindu journalists for the slaying of Mohandas K. Gandhi.

The court confirmed a New Delhi court's death penalty against Narayan V. Godse and Narayan B. Apte and sentences of life imprisonment for Vishnu Karkare and Madan Lal, in connection with the crime.

The Punjab court reversed the Delhi tribunal's judgment in the case of three other defendants in the case, however, they acquitted Dattarya Parchure and Kistayya Shankar, both of whom had been sentenced to life.

The court recommended clemency for Gopal Godse, brother of the chief defendant, who had received life.

Gandhi, frail Hindu spiritual leader, was shot Jan. 30, 1948, as he walked to prayer in the gardens of the Birla mansion in New Delhi.

Some primitive mammals neither shiver nor perspire and lack adequate internal temperature control.

Cherry Royalty Appears Friday

An outstanding public appearance of Queen Patricia and her court before the Cherryland festival dates arrive will be Friday night of this week at the auto races at Hollywood Bowl.

Queen Patricia and the four princesses will appear on the grounds, probably in two cars, accompanied by members of the Cherrians. Also in one of the cars will be Mayor Robert L. Elfstrom and Mrs. Elfstrom.

The races, under the name of "Satan's Hell Divers," are a series of thrills on the bowl track, and proceeds will be a benefit toward purchase of an airplane for police emergency or disaster use. The event is sponsored by the Salem police serial patrol.

Another phase of the show will be put on by members of the Salem Motorcycle Club. The Hell Divers have been a big drawing card wherever they have appeared.

With only a little over two weeks left before the opening of Salem's 1949 Cherryland Festival Queen Patricia O'Connor and her princesses are finding their time well filled with royal demands.

Monday the court was in town to have pictures taken at various places and Tuesday noon they were guests at the Lions club luncheon.

Both Wednesday and Thursday of this week they will also attend luncheon meetings of service clubs and Sunday afternoon the quintet is to be honored at a tea given by members of Zonias at the home of Mayor and Mrs. Elfstrom.

2 Arraigned for \$1300 Forgeries

Portland, June 21 (AP)—A second man will be arraigned here today on a charge of cashing \$1300 in forged checks, made out to the Columbia River Paper Mills.

George James Acor, 39, arrested in Spokane, pleaded guilty here. George House, 35, arrested in Independence, Kans., will face the same charge today.

J. S. Bailey, deputy district attorney, said Acor formerly worked for the company as a janitor. He said some 20 checks were cashed before the company noticed the Oregon Pulp & Paper officials' names were appearing on Vancouver branch checks. An investigation then disclosed the forgeries, he said.

Acor, it was reported here at the time the forgeries were discovered, used the names of K. W. Heinlein, manager of the Salem plant of the Oregon Pulp & Paper company, and D. A. Armstrong, mill superintendent, who has since died. Acor was not employed in Salem.
