

## Coplon Not to Face Witness

Washington, June 23 (AP) — The prosecution today spurned Judith Coplon's challenge to confront her with the justice department lawyer who was her companion in two hotel room trysts last January.

As the girl was recalled for further cross-examination at her spy trial, Prosecutor John M. Kelley, Jr., said he has no intention of putting Harold P. Shapiro on the witness stand. "I have laid proof through her admissions from which the jury must conclude that her conduct with Shapiro was wholly inconsistent with the love she professed for (Valentin A.) Gubitchev," Kelley said.

Miss Coplon, 28-year-old former justice department analyst, has admitted spending the night with Shapiro in hotels in Baltimore and Philadelphia, but has denied being intimate with him. She charged that Shapiro is part of an FBI "frameup" to "brand me as a harlot."

Miss Coplon is accused of stealing top secret government information for transmission to Russia through Gubitchev, a Soviet engineer who has been suspended from his United Nations job. The girl, denying the charge, has testified that she was in love with the Russian.

**Graduates at Eugene**  
Pleasantdale—Miss Marilyn McFarlane graduated at the state university at Eugene. Her parents, Mr. and Mrs. Glen McFarlane of this district; her uncle and aunt, Mr. and Mrs. John Allison of Fairview; her grandmother, Mrs. C. B. Newhouse, of the Neck district, attended.

**It Was Hot**—Judith Coplon (above) mops a perspiring brow after a session in her espionage trial at Washington, D. C., in which she acknowledged she spent two nights with a man in Philadelphia and Baltimore hotels. Under cross examination by prosecutor John M. Kelley, Jr., Miss Coplon first shouted a denial and then cried: "Why are you doing this in front of my mother?" (AP Wirephoto)

**Exercises Are Given**  
Gervais—Children's day services were held at the Presbyterian church following Sunday school. A Father's day sermon was delivered by Rev. Ernest Tremblay and special music given by Shirley Rondeau, Luzerne Hanes and Viola Bierly. Next Sunday, June 26, there will be communion services.

## Stroke Fatal To Southwick

Rolland S. (Rollie) Southwick, long a familiar figure about the streets of Salem, and known widely in the state because of many years of service as an attaché of the Oregon legislature, died Wednesday night. He was 72 years old.

Southwick was born in Santa Rosa, Calif., July 15, 1877, where the Southwick family lived before coming to Oregon when he was a small child.

His father, the late Frank B. Southwick, was a building contractor, and as a member of the firm of Hutchins & Southwick built the Salem City hall, for which the city sold bonds in 1893.

Rollie Southwick followed his father in the building occupation, operating as contractor or working as a carpenter at various times.

Until a few years ago he took an active interest in politics and at a dozen or more legislative sessions was successively appointed to positions in the legislature. For several years he was doorkeeper of the house of representatives.

In earlier years he was a member of the Salem fire department. As a young man he was athletic.

A few months ago he suffered a light cerebral hemorrhage, but after a few days in hospital was again on the streets. Yesterday he suffered another stroke at the Pioneer club, 356 State street, where he was employed, and died a few hours later in a hospital.

He is survived by a brother, Ralph W. Southwick of Salem, and a sister, Mrs. R. A. Cox of San Mateo, Calif.

Funeral services will be held at the W. T. Rigdon chapel Friday, June 24, at 1:30 p.m. Interment in City View cemetery.

## Week's Sales Total \$10,430

Sid Stevens, chairman for Marion county in the opportunity bond drive, said today that the county has reached 53 percent of its quota, with sales for the week ending June 18 amounting to \$10,430.

The fifth week of the opportunity drive closed with substantial increases in U.S. savings bonds sales registered throughout Oregon. The two counties showing the greatest increase

were Crook which sold 19 percent of its quota during the week and Gilliam which sold 16 percent. This was the second best week in Oregon during the opportunity drive.

During the week ending June 18, the people of Oregon bought \$668,298 worth of E bonds. Total sales at the end of the first five weeks of the drive amounted to \$7,023,128 or 71 percent of the state's quota.

While the state is slightly behind schedule in its quota assigned by the treasury department, there is a reasonable expectation that it will go over the top.

The big cattle-producing states are Texas, Iowa, Nebraska, Kansas, Missouri, Illinois, Minnesota, California, Wisconsin and Oklahoma.

## Seth Thompson To Step Out

Seth B. Thompson, state insurance commissioner, will step out of office June 30.

Before departing for Seattle Thompson confirmed reports that he would not accept reappointment, although Governor Douglas McKay urged him to do so. Thompson did not reveal his future plans.

The name of Robert B. Taylor, who is with a general insurance agency in Portland, has been presented by the Oregon Association of Insurance Agencies as a successor to Thompson. In urging Taylor's appointment, the association officers

point out that Thompson, who has held office since 1940, is a life insurance man, and it is felt that the new commissioner should represent the general insurance field.

Governor McKay is in Washington to testify against establishment of a CVA in the northwest. He is expected home Saturday or Sunday and will probably name Thompson's successor early next week.

## Training Facilities for Air Reserve Enlarged

Washington, June 23 (AP) — Facilities for training air force reservists will be increased at Tacoma, Wash. and Portland, Ore., Col. William T. Smith, USAF, said today.

The air force is replacing its training center at McChord field near Tacoma with a corollary unit program and establishing a new center at Portland.
