

Fight On for YR Chairman

Salt Lake City, June 23 (AP)—Intra-party politics drew top intrastate delegates to the national young republican federation convention which opened today.

Heavy campaigning was in prospect for the chairmanship and two double delegation fights for seating came before the credentials committee.

The two-delegation issues were posed by Pennsylvania and Maryland. The credentials committee, which will decide which delegations will be seated, makes its first report tomorrow.

Some half a dozen candidates are seeking the chairmanship and waging vigorous campaigns. Ralph E. Becker of Port Chester, N.Y., the incumbent chairman, presided today as temporary chairman. Election of permanent officers of the convention was slated in late afternoon.

In a pre-convention address last night to members of the western states regional council, Philip Wilkie, Indiana state representative and son of the late Wendell Wilkie, urged his party to foster unity between business and labor groups.

He said the conflict between labor and business tended to push American politics into the Karl Marx class warfare pattern and to advance the cause of those who seek to destroy the private enterprise system.

Memphis, Tenn., June 23 (AP)—A pilot's skill and split-second judgment were credited today by the American Airlines with bringing 43 persons alive through a jolting crash landing followed by fire.

Thirty-eight of those aboard the huge two-engine Convair were injured when the airliner crashed two minutes after taking off from municipal airport here yesterday. None of the injured was considered critical.

Spokesmen for American Airlines lauded Capt. Ed Hatch of Memphis for his skill and judgment in crash-landing the aircraft in a field after skidding it across a highway and into a large tree. The craft, the Fort Worth-New York "City of San Antonio," nosed down three and a
