

Prizes at 920 On Her Dial—This is Dorothy Finkbner, 965 North Church street, was advised Tuesday night that she had won a washing machine, encyclopedia, ironer, hobby workshop, cedar chest, movie camera, blankets and tires for her solution to a riddle on a radio program. Her successful answer was "Benjamin Franklin."

Gov. Doug Has Birthday Cake

Washington, June 25 (AP)—They gave a birthday party as a surprise for Oregon Governor Douglas McKay yesterday. It was his 56th birthday. Senator Morse's office staff, who heard about the birthday indirectly, ordered a cake, candles and coffee; sent word to the governor that Morse wanted him. McKay came into the office and discovered the cake. "The governor was surprised," said one of Morse's aides. "He seemed to enjoy it, too." At the birthday party were Frank McKnight, Medford; William Walsh, Coos Bay; Maj. Gen. Thomas M. Robins, Portland, and Chester K. Sterrett, Portland.

AFL Officers Unopposed

Eugene, June 25 (AP)—J. B. McDonald, Portland, will probably head the State Federation of Labor another year. McDonald was the only person nominated for president at the close of the annual state AFL convention here yesterday. The election will be by mail. The 400 delegates renominated all their other officers without opposition, too: Mildred Gilani, Portland, first vice president; C. W. Jones, Portland, second vice president; J. T. Marr, Portland, executive secretary. The federation defeated a motion which would have opposed construction of the Pelton dam on the Deschutes river. The delegates invited the CIO and the International Association of Machinists back into the AFL fold.

Langlie Sees CVA As Dictator

Washington, June 25 (AP)—Governor Langlie of Washington contended today the proposed Columbia valley administration would deprive northwest states of part of their authority and also take over the "entire area of the state of Washington." In a 90-minute exchange with Senator Magnuson (D., Wash.) on the merits of the administration backed program for development of the Columbia basin states, the republican governor said: "Right off the bat it (the CVA bill) takes into the CVA the entire area of the state of Washington, even those sections outside of the Columbia valley." Based on the commerce and national defense causes of the constitution, he added, "you expand its authority to one field after another."

McMahon replied that he had stated the American people "were entitled to a full and fair presentation of the evidence on which Senator Hickenlooper based his charges, and that the commission was entitled to an equal opportunity to reply." He added: "When we finish our work—which I hope will be as speedily as possible—the joint committee must render its findings and its report. I can see no other satisfactory procedure." Hickenlooper told reporters that "apparently the investigation is producing some results that are making some people uneasy."

Deadlock in Hawaiian Strike

Honolulu, June 25 (AP)—The first direct negotiations in five weeks between management and the International Longshoremen's and Warehousemen's union broke up last night without tangible progress toward settling Hawaii's crippling 57-day waterfront strike. Both sides, however, agreed to meet again Monday. A statement from the seven stevedoring companies involved in the dispute said there was no change in the position of either side, with the union still demanding a wage increase of 32 cents per hour or arbitration of its demands. The employers refuse to submit the dispute to arbitration.

U. S. Airforce Fight RAF Over Britain

London, June 25 (AP)—The United States air force is battling the RAF in the skies over Britain today. B-29 Superforts and "Shooting Star" jet fighters, aided by planes from France, The Netherlands and Belgium, are trying to drive the Royal Air Force from control of the air. Purpose of the "fight" is to test the ability of the RAF to guard its island bases. U.S. and allied planes are playing the part of the "enemy."

Funeral Services Set for Bartruff

Funeral services will be held at 11 a. m. Monday in Portland for Edward J. Bartruff, a former resident of Salem. Bartruff was with the Heinz company on a highway project at Trent in Lane county, about 20 miles south of Eugene, and died Wednesday night unexpectedly. Foul play was at first suspected, but an autopsy revealed that death was caused by a thrombosis. He was 49 years old and attended school in Salem. Among survivors are his wife and three children of Portland; three brothers, George and Louis of Everett, Wash., and Eric of Cottage Grove; and two sisters, Mrs. Roy Brown of Portland and Mrs. R. P. Rankin of Tulare, Calif.

Strike by Idaho Miners Authorized

Mullan, Ida., June 25 (AP)—Some 4,000 Coeur d'Alene district miners threatened to strike today as new contract negotiations were postponed until Monday. Mullan and Wallace locals of the CIO international union of Mine, Mill and Smelter Workers voted unanimously last night to give the union negotiating committee authority to call a strike vote at its discretion.

Shipbuilding May Come to West Coast

Washington, June 25 (AP)—Rep. Allen (R., Calif.) expressed hope today that some relief may be forthcoming for the virtually idle shipbuilding and repair industry on the west coast. Allen told a reporter the maritime commission has a proposed program for recon-structing 194 ships of the laid up fleet. Fifty-eight of these ships are on the west coast and 34 in the Suisan Bay fleet, Allen said. The matter is now before the budget bureau for approval of an appropriation request for \$25,000,000, Allen said.

Shipyard Building Burns at Vancouver

Vancouver, Wash., June 25 (AP)—Fire of mysterious origin destroyed a block-long building in the sprawling Vancouver shipyard last night, sending up flames and smoke clouds visible for miles around. Firemen from Vancouver, McLoughlin Heights, and Portland prevented the blaze from spreading to other structures in the 265-acre government-owned yard. A section of an adjoining pipe shop caught fire briefly, but it was extinguished.

Continental In Aspect—Sublimity Catholic church, situated at the end of an avenue of shaped conifers and lighted by a late afternoon sun, suggests the village church in the Central European fatherland to old countrymen who are members of its congregation.

Young GOP to Plan Program

BY JACK BELL
Salt Lake City, June 25 (AP)—Young republicans called today for the creation of a 16-member congressional committee to agree on GOP political policy for the house and senate. In a platform laid before the Young Republican national federation, its resolutions committee proposed endorsement of the administration's \$1,450,000,000 foreign arms program, the North Atlantic pact, and the republican-revised version of the Taft-Hartley act.

Cooling Off for Divorces Urged

Portland, Ore., June 25 (AP)—The Portland City club yesterday adopted a research committee report on divorce which would provide for a 30 day cooling off period before filing for divorce. The report, entitled "Divorce and Children of Divorce," was the result of six months of research. Main points of the report were: 1. A waiting period of 30 days between the filing of a declaration of intent to seek divorce and the filing of a complaint. 2. Divorce to become final on date of decree, although persons may not remarry for 60 days. 3. The divorce decree may be set aside and the marriage re-constituted within one year following the divorce on order of the court. 4. The establishment of a counselling service in Multnomah county as an arm of the divorce court.

Labor Issue Vote Tuesday

Washington, June 25 (AP)—Administration spokesmen in the senate began making cautious forecasts of victory today in their drive to kill the injunction in national emergency strikes. "I think we can win," said Senate Democratic Leader Scott W. Lucas. But the outcome of the injunction votes scheduled for next Tuesday clearly depended on the votes of a handful of senators who have been unwilling to commit themselves yet on the issue. The decision will indicate whether the administration can hope to pass its Taft-Hartley repealer without further substan-

Aluminum Plant Started

Vancouver, Wash., June 25 (AP)—The first piling was to be driven here today for the Aluminum Corporation of America's new multi-million dollar aluminum rod and bar mill. The piling is to support heavy rolling and drawing equipment. Officials hope to have the mill in operation by winter. About 70 per cent of all meat is consumed east of the Mississippi river.

Salem Site of VFW 1950 Meet

Coos Bay, Ore., June 25 (AP)—Vere A. McCarthy, World War II veteran from Condon, was elected Oregon department commander of the Veterans of Foreign Wars here yesterday at the concluding business session of the state encampment. McCarthy, the first World War II veteran named to the post, will succeed Ben Burns of Astoria. Salem was selected the site of the 1950 encampment. Other officers elected: L. R. Henderson, Portland, senior vice commander; Leon Glascock, Eugene, junior vice commander; E. L. Mikeseil, Grants Pass, judge advocate; John Schum, Portland, quartermaster; Dr. W. A. Thompson, Portland, surgeon, and Jesse W. Wooley, Coos Bay, chaplain.

42 Die, Many Injured in Flood

Pachucha, Mexico, June 25 (AP)—At least 42 persons died here last night when a cloudburst, hail storm and flash flood ravaged this centuries-old silver mining town, authorities said today. Nineteen women, 15 men and 8 children were counted among the victims of the 20-minute-long storm. In addition to the known dead, 40 persons were injured seriously and from 200 to 400 had been reported missing. A child was frozen to death under a pile of large hail stones, just out of the sight of his frantic mother, who could not open the ice-jammed door that separated them. Most of the victims died in the crowded Juarez market area. Flood waters battered down one wall of the market and filled it to a depth of about ten feet. "It was like dumping a pall of water into a dish," said Luis Moreno, a volunteer worker.

U of C to Fire All Commies

Los Angeles, June 25 (AP)—University of California regents have voted unanimously to suspend any teacher or administrative official who is a member of the communist party or advocates its doctrines. Fourteen of the university's 24 regents met yesterday on the Los Angeles campus to reaffirm their declaration of policy adopted in 1940 that "membership in the communist party is incompatible with objective teaching and with search for the truth." The board approved a revised loyalty oath for all faculty members and employees in spite of a plea from the university's academic senate, representing the
