### Dr. Wilbur Dies In California

Stanford, Calif., June 27 (U.P.)—Former Secretary of Interior Ray Lyman Wilbur was mourned today by the men who served with him in the government and those who knew him more recently as chancellor of Stanford university.

Wilbur, a physician who earned eminence as an educator and humanitarian, died yesterday of a stroke. He was 79.

Wilbur had been ailing since he was stricken by a heart attack five years ago.

His lifelong friend, former President Herbert Hoover, whom he served as a cabinet member, said Wilbur's death was "a great loss to our country."

"America is a better place for his having lived in it," Hoover said in New York.

Funeral services will be held tomorrow morning at the Stanford chapel. Interment will be private at Alta Mesa cemetery.

### Mrs. Tompkins Home

Wheatland — Mrs. Willard Tompkins and children have returned home after visiting for one week at Culver. Mrs. Anthony Perzigian of Waukegan, Ill., who came here to be at the bedside of her mother, Mrs. W. B. Magness, 56, has returned home.

### Parking Meters Are Selected

Silverton — The Miller parking meters is the type decided upon for placement on the streets of Silverton during the coming month as "being the most practicable," was announced the last of the week by the council committee named to investigate the kind best to install, following the decision at the June meeting of the aldermen.

The investigating committee estimates revenue from the meters at \$13,500. A penny inserted is said to be for a period of 12 minutes, two cents worth, 24 minutes, five cents for one hour, and 10 cents for two.

City officials say that 200 meters will be installed, the time for the work of placing will require around two weeks.

The cost of installing is \$5 each, the meters and bases are valued at \$67.50 each. The company receives one third of the revenue, if not less than \$1.50 per month, the city to claim two thirds, the city estimating the first year's gross receipts as \$13,500 with an option of re-jecting at that time.

### Canadians Have General Election

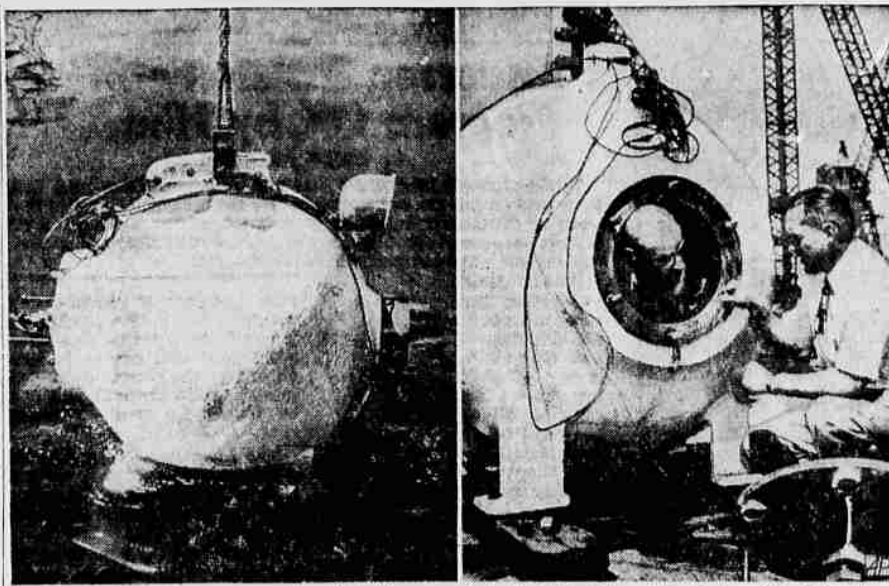

Montreal, June 27 (U.P.)—Eight million Canadians vote today in a general election to choose a new parliament.

The polls open at 8 a. m. and close at 6 p. m., local standard time.

After a 60-day campaign which has been placid by the United States standards, the liberals were favored to retain their 14-year hold on government reins.

The party which elects a majority of the 262 members of the 21st parliament will form the government, choosing a cabinet and a prime minister.

The largest government arsenal is located on Rock Island, Ill., close to the city which took its name from the island.

### Seven Clubs in 4th Annual Ride

Seven clubs were represented by the 76 riders who took part in the fourth annual Silverton trail ride Sunday after a buckaroo breakfast served by the Union Hill grange home economics club at the Grange hall, with Mrs. Vern Scott chairman. The meal was served 138 people.

The route of 18 miles was over the Drift creek ridge trail to the old CCC camp, where the group met the chuck wagons at noon, and back over the Silver creek canyon trail.

Led by Archbishop John J. Mitty of San Francisco, the group will visit Paris, Lourdes, Rome, Switzerland and England. It is the biggest pilgrimage from the American west coast ever to visit Europe. By the end of the summer the pilgrims will have covered 15,000 miles.

In Paris they will be greeted by the Catholic hierarchy and participate in special religious ceremonies in Notre Dame cathedral and the Sacre Coeur. At Lourdes, Archbishop Mitty will celebrate a special mass.
