

Lumber Plants Take Holiday

Lebanon—Crown Zellerbach paper mill and the Cascades Plywood plant have announced vacations for the coming July Fourth period.

The paper mill will be closed from 8 a.m. July 2 until 8 a.m. on July 6, and beginning July 1 will operate on a five-day a week basis. The mill recently went to six day schedule after operating since 1941 on a full week basis. The new schedule is expected to continue at least until Aug. 1, George Galloway, resident manager, said.

The Cascades will be closed for their annual vacation during July 1 until July 18. During this period workmen will make all needed yearly repairs to mill equipment.

Lebanon (Special)—Information on foreign lumber markets has been compiled by industrial committee of Lebanon Chamber of Commerce, and is now on file for use of local members, President Hiram Graves announced Saturday.

The study has been pointed toward the lumber and plywood needs of Latin America. It is felt that markets will develop in the equatorial area, where until recently lumber and plywood purchases have been made from Sweden and Finland.

In this connection the Lebanon office has corresponded with the foreign trade departments of Portland and Houston, Texas chambers to obtain lists of specific inquiries on South American wood-products needs. Also available are the addresses of consulates in the Texas-Louisiana crescent. Meanwhile the Lebanon office is supplementing its foreign trade file with additional information on the mechanics of ECA purchases.

Polk Dairy Judging School Big Success

Dallas—Seventy-five persons participated in the dairy judging school held at the Ray Hobson farm, Amity, according to N. John Hansen, county extension agent.

Bob Stewart, assistant secretary of the American Guernsey Cattle club, conducted the judging instruction work. Stewart is recognized as one of the outstanding Guernsey cattle judges

in the nation. Elmer Meadows, Guernsey fieldman for the Pacific coast, assisted in preparations for the judging school.

Participating in the school were Guernsey breeders of Oregon, county extension agents and vocational agricultural instructors. In summarizing the day's program, Stewart praised the Guernsey breeders of Oregon for their high quality stock. Stewart commented that "the Hobson Guernsey herd would rank with the better herds in the nation."

Fishermen in Alaska Strike

Anchorage, Alaska, June 28 (AP)—Members of the Alaska Fisherman's union and Cook Inlet Cannery Workers (CIO) were on strike today in Kenai and Seldovia.

The dispute is expected to spread over all the Cook Inlet area and bring fishing operations there to an end.

Picket lines were thrown around four canneries including the big Libby, McNeil and Libby plants at Kenai and Seldovia. Union officials said Anchorage and other inlet communities would be affected as soon as local members are informed of the strike call.

Beach gangs and trapmen are expected to respect the picket lines and refuse to work, thus tying up all operations.

John Wiese, president of Westward Alaska Fisheries council, said the unions are asking higher prices for fish and abolishment of the wage differential favoring outside workers.
