

## Through the Years with Queen Patricia

Queen Patricia was little once too—Here are pictures of the 1949 Cherryland festival queen from the time that she was six months old (upper left) to her graduation from high school at Sacred Heart high academy this spring. ## Polk County Gets Polio Aid

Polk county's hard-hit chapter of the National Foundation for Infantile Paralysis today received an \$11,150 advance in March of Dimes funds from foundation headquarters in New York City.

10, plus all of its share of Polk's \$5150 income from the county's 1949 March of Dimes, according to Felix Montes of Portland, the foundation's Oregon representative. Four of the 28 adults and children stricken with polio in Polk's 1948 epidemic are still hospitalized and most of the others continue to require special care, Montes explained. He added, however, that no new cases have been reported in the county this year.

## King Leopold's Chances Vanish

Brussels, Belgium, June 28 (AP)—King Leopold's chances of returning to the Belgian throne were blasted by Sunday's election.

Final parliamentary election returns, issued yesterday, showed that the Social Christian (Catholic) party, supporting Leopold, failed to get the absolute majority they needed to

sufferers, raised nearly twice as much money in the 1949 March of Dimes campaign as was collected in the 1948 drive.

The Polk advance was the second received by an Oregon county this year, Montes revealed. Earlier in 1949, Harney county accepted a \$1000 check from national headquarters.

force a referendum to bring back the king.

They strengthened their position as Belgium's biggest party, though, winning 104 of the 212 seats in the chamber of deputies. This represented a gain of 12 over the 1946 elections.

The Socialists, who have ruled the country in a coalition cabinet with the social Christians, continued in second place. They won 66 seats, a loss of three seats.

The Liberals—a conservative group—almost doubled their strength emerging with 30 seats. They had 17.

This swing to the right, which observers have noted in most recent European elections, was emphasized by the communist loss of 11 seats. They now have 12.

## Berry Harvest Continues

Grand Island—Twelve acres of Marshall strawberries have been harvested at the L. W. Scoggin farm here, and the pickers went to work in five acres of red raspberries at the same farm. The berries are high quality and are being trucked to Portland market.

## Beaver State Boys Active

Corvallis, Ore., June 28 (Special)—A number of the more than a score of Salem boys who are taking part in the Beaver State program, sponsored by the American Legion, won offices as the result of elections held Monday afternoon.

Bob Jones was elected mayor of "Cordon" in "Taft" county while Carl Brown, Tom Paulus and Bruce King were named councilmen; Lester Miller, Bill Jaquith, Dick John and Gary Messing, marshalls; David Riggs, municipal judge; Jack Cole, health officer; Richard Meyer, chief of police; King, county commissioner; Paulus and Paul Rahe, assessors; Jones and Paulus, state police.

Paulus is a candidate on the Federalist ticket for governor. The group of more than 200 boys are living on the Oregon State college campus. They passed a number of city ordinances Monday governing the activities of those in attendance.

## No 'Air Lift' Ruled Possible for Hawaii

Washington, June 28 (AP)—Gov. Ingram M. Stanback of Hawaii says the Hawaiian shipping strike is "destroying our industry entirely."

Stanback, who arrived here Sunday, told United Press in an interview that the strike was more damaging to Hawaiians than the Berlin blockade was to citizens there.

He pointed out that no "air-lift" is possible for the islands because the 2,100 nautical mile distance from the mainland makes sizable cargo operations by air impossible.
