### Stocks Advance To Around Point

The advance followed a short period of early shakiness when a number of key issues were pushed down a bit.

Only a limited amount of business was done, with turn-over at the rate of about 550,-000 shares for the full session. Brokers found at least two en-couraging items in the news—in

addition to a good many that were not so favorable. First, the senate's approval of a plan to give the president the power of plant seizure as well as injunction to deal with emerg-

ency labor disputes attracted

approving comment.
Second, a rally in the London Buildoning, leveling, road bidg., clear-ing, teeth for brush, Virgil Rusker, 101a Fairview Ave, Ph. 2-3196, Salem, 0-160' ight crawler doring, Ph. 2-3990

Damaging temperatures cracked down on the Klamath basin's growing crops last night and this morning.

Farmers throughout the area reported one of the worst growing season frosts of recent years. with temperatures dropping so low that both ordinary and extraordinary frost-fighting meth-ods proved ineffective.

Potato plants were frozen back, heading grain was badly hit, gardens look a heavy beat ing and even clover and other stands that usually survive cold nights showed damage this morning. While it usually takes several days to correctly assess the effects of a frost, it was generally agreed today that dam-age in virtually all areas of the basin had been substantial.

Coldest spot indicated in this morning's reports was the homestead area on Coppock bay where at least one thtrmome-ter registered 18 degrees, Newell had 20 degrees, the Tule-lake experiment station 27, Hen-ley 28, Poe Valley 22, Klamath Falls 32.

Farmers viewed the situation with varying shades of opinion One Coppock bay farmer said his potatoes were "all through" but other spud growers said a fair yield would still be obtain-ed if the area could go through the remainder of the year with-out another serious crackdown.

### Oregon Gasoline Sales Set Record

Gasoline sales in Oregon in the first five months of 1949 totaled 171,792,550 gallons, a new

This was 3,065,095 gallons more than in the similar period of last year. Gasoline taxes paid during the period totaled \$8,589,627, a gain of \$153,000 over last year's sim-

ilar period.
