

Selling Forces Loss in Grains

Chicago, June 30 (AP)—Selling late in the day either completely wiped out or greatly reduced gains made in early dealings on the board of trade today. The selling followed news rains had been received in parts of the spring wheat and rye belts.

Rye tumbled sharply, dropping more than 4 cents under the previous close at times. This is a thin market and a little increase in either buying or selling will cause wide price swings, traders said.

Until late in the day, the market had turned in a firm performance under the leadership of wheat. The bread cereal was aided by an early advance in cash prices and by overnight announcement of an unchanged parity level.

Wheat closed 1/4 lower, July \$1.95 1/2-3/4, corn was 1/4 lower to 1/2 higher, July \$1.34 1/4-1/2. Oats were 1/2 lower to 1/4 higher, July 58 3/4-1/2. Rye was 2 1/2-4 1/2 lower, July \$1.35 3/4-1.36. Soybeans were unchanged to 1/4 higher, July \$2.34 1/2-3/4, and lard was 10 cents lower to 5 cents a hundred pounds higher, July \$10.50.

Women Lead in Drivers' Tests

Portland, Ore., June 30 (AP)—Delegates to the Western Safety conference were enroute home today after hearing that women automobile drivers cause fewer accidents than men.

Earl Campbell, director of field organization of the National Safety Council, told the conference yesterday that women, however, frequently make the wrong arm signal. "They are often window or sidewalk shopping or perhaps they are afraid to get a glove wet."

"Women have the highest index in the passage of drivers' tests," Campbell stated. "They have shown high drivers' I.Q.'s in every state I've examined."

"Emily Post and social pressure probably account for the fewer number of women ar-
