

Selander Show At Art Center

The Gallery-by-the-Sea of the Lincoln County Art Center, Delake, is opening its first of a series of one-man shows beginning Sunday with an exhibition of the work of Manalkas Selander, Portland artist who grew to manhood in Salem.

He is the younger of an artist team of which the older is his father, Arthur A. Selander, also a well known Oregon artist.

A collection of 30 watercolors and drawings will be shown depicting scenes of the northwest.

Manalkas graduated from Salem high school and continued his art studies at the Art Institute of Chicago. For several years he was connected with a large advertising agency in San Francisco.

During the war, he served as a top gunner on a B-29 and participated in several missions over Japan. After the war, he became associated with a commercial art firm in Portland. He is considered as one of the top pencil artists in the country and lately has been creating watercolors as well.

He has shown at the New York Academy of Design, the San Francisco Art Museum, Portland Art Museum and has had several one-man shows on the coast.

The exhibition of paintings by Oregon artists ends Saturday afternoon after a successful showing in which over 2000 attended. F. Loren Boulier, formerly of Salem, is the director of the gallery and instructs in watercolor. He has a class of 40 students who come every Friday night from a radius of 100 miles.

Sagamore Hill To Be Shrine

Oyster Bay, N.Y., July 7 (AP)—Plans were nearing completion today to make Sagamore Hill, the home of the late President Theodore Roosevelt, a shrine.

The Roosevelt Memorial association of New York disclosed it had made arrangements to acquire the three-story frame structure and 20 of its 83 acres of rolling land from the heirs of the late president.

Mrs. Roosevelt, 87-year-old widow of the former president, died last September. Since then, Sagamore Hill has been unoccupied except for caretakers.

The house was used as a summer White House by President Roosevelt.

Afghanistan became a political entity in 1747, previously having been a cluster of small states under various rules.
