Camp Fire Girl News

As the first week of the first section of Camp Kilowan drew to a close, every girl had the answer to "Why go to Camp Kilowan?" Swimming, crafts, nature, dramatics, sports, and campcraft more than answer that question.

Even the Blue Birds, the youngest girls who lived in Pooh Corner, got to sleep under the stars on the meadow near camp. They cooked on an open fire, hiked to Hideaway cabin, and played in fairy land where milpeeps are fairy buses and snakes are streamliners.

In Emerald Forest the girls who are a year or two older than Blue Birds had an overnight at Hideaway Hut, hiked to 30 foot falls, and gathered in an Indian pow wow to sing songs and play games.

Aldera, the junior high unit, studied how to build fires, roll bed roll, and went on an overnight. Their cabin, right by the creek afforded lots of opportunity for wading and playing.

Greenwood, one of the high school units, cooked most of their breakfasts in their cook tent. They too have their tents right by the creek, making a natural refrigerator. After this week they move into the other high school unit, the "jungle," for their primitive camping experience.
